# Using the Timeline for Initial Evaluation and Transition from Part C to Part B Application

---

## Introduction/Purpose

This application captures data required by the Office of Special Education Programs (OSEP) to be collected under the State Performance Plan for two indicators:

- Indicator 11, children with parental consent to evaluate, who were evaluated, and eligibility was determined within 35 school days and
- Indicator 12, Effective Transitions: Timely Transition from Part C to Part B by the student's third birthday.

**Please note, this data is applicable to initial evaluations only, not three-year reevaluations for all children being evaluated for IDEA, Part B.** The reporting cycle for this data collection is July 1 to June 30, annually through the LEAs CEDARS Submission of File U. Report students whose eligibility (whether the student was found eligible for special education services or not) was **determined** during the reporting cycle. This includes all students referred regardless of their eligibility determination and all related timelines associated with the referral and eligibility processes. Report only the records of those students who completed process. If the process began in one reporting process (i.e., the 2021–22 school year) but eligibility was not determined until the 2022–23 school year, report the entire elements of File U in the 2022–23 school year.

The data in the in the application is pre-populated **primarily** (but not solely) from CEDARS Initial Evaluation and Eligibility Timelines File U. Updates to this data must be made through a re-submission of data to CEDARS. Students referred but not yet enrolled in the LEA (and therefore not in the LEAs CEDARS submission) will also need to be included in this data collection. They will need to be uploaded using the template provided within the application to be included.

The Timeline for Initial Evaluation and Transition from Part C to Part B application generates the verification list from CEDARS File U data. Students are included in the Verification list, if, at the end of the reporting cycle, the student completed the eligibility process. If there are students included in the Verification list that should not be counted, **simply do not check the verification box for that student's record.**

The process to add a student to Timeline for Initial Evaluation and Transition from Part C to Part B Verification list is to correct the data through a CEDARS submission. If the student was never entered into the district's student information system (and therefore cannot be uploaded to CEDARS), then the record should be added through the *Upload Function* provided on the Verification tab of the application.

The data must be verified and locked in the Timeline for Initial Evaluation and Transition from Part C to Part B EDS application no later than July 15, 2024. If an error is discovered after the deadline, please notify the special education section of OSPI as soon as possible. Districts may begin to review their data as soon as they have successfully submitted 2023–24 CEDARS files.

This application has two sections for LEAs to complete:

1. Verification
2. Review and Submit

Go to the tab labeled **Verification** to begin.

For more information about CEDARS data, please see the [CEDARS Data Manual and Appendices](#) for the reporting school year.

#### Timeline for Initial Evaluation and Transition from Part C to Part B Reporting

This application captures data required by the Office of Special Education Programs (OSEP) to be collected under the State Performance Plan for two indicators:

- Indicator 11, children with parental consent to evaluate, who were evaluated and eligibility was determined within 35 school days and
- Indicator 12, Effective Transitions: Timely Transition from Part C to Part B by the student's third birthday.

**Please note, this data is applicable to initial evaluations only, not three-year reevaluations for all children being evaluated for IDEA, Part B.** The reporting cycle for this data collection is July 1, 2021 through June 30, 2022 through the LEAs CEDARS Submission of File U. Report students whose eligibility (whether the student was found eligible for special education services or not) was **determined** during the reporting cycle. This includes all students referred regardless of their eligibility determination and all related timelines associated with the referral and eligibility processes. Report only the records of those students who completed process. If the process began in one reporting process (i.e., the 2020-21 school year) but eligibility was not determined until the 2021-22 school year, report the entire elements of File U in the 2021-22 school year.

The Timeline for Initial Evaluation and Transition from Part C to Part B application generates the verification list from CEDARS File U data. Students are included in the Verification List, if, at the end of the reporting cycle, the student completed the eligibility process. If there are students included in the Verification list that should not be counted, simply

## Timeline for Initial Evaluation and Transition from Part C to Part B Report – Verification Tab

### Step 1: Verification

Begin by choosing the *Verification* tab at the top of the screen. This is Step 1 of the Timeline for Initial Evaluation and Transition from Part C to Part B Verification Process. This page contains a list of students submitted by the district through CEDARS File U. **Do not assume that a student can be counted just because they show up on the Verification list.**

CEDARS submission exceptions **must** be reconciled for students to be included in the Timeline for Initial Evaluation and Transition from Part C to Part B report. If a student is listed as a File U submission exception in CEDARS, and you intend to count the student for the Timeline for Initial Evaluation and Transition from Part C to Part B, the exception must be reconciled. The student will not appear on the verification list until the submission exception is corrected.

To include a record for the Part C to Part B Transition report, check the box in the column named *Verify Part C Transition*. Then click the green Save button. If a record's *Verify Part C Transition* box is checked and it should not be, simply click in the check box again to deselect it. Please note: Any record being verified for the Transition from Part C to Part B report, **MUST** also be verified for the Initial Evaluation report.

**It is recommended that Users verify all the Part C Transition records first and then go back and verify the Initial Evaluation records. It is not incorrect to verify in the opposite order but note that if the record is verified for an Initial Evaluation, it must be unchecked before the application will allow the User to go back and check the Part C Transition box.**

To include a record for the Timeline for Initial Evaluation report, check the box in the column named *Verify Initial Eval*. Or, to include all the students in the verification list, click the check box in the header row of the *Verify Initial Eval* column. Then click the green Save button. If a record's *Verify Initial Eval* box is checked and it should not be, simply click in the check box again to deselect it.

**Timeline for Initial Evaluation and Transition from Part C to Part B Reporting**

The data for this district has all been verified and was submitted on 12/15/2022 by Ronald Yoo.

This is Step 1 of the Timeline for Initial Evaluation and Transition from Part C to Part B Verification Process. This page contains a list of students submitted by the district through CEDARS File U.

CEDARS submission exceptions **must** be reconciled for students to be included in the Timeline for Initial Evaluation and Transition from Part C to Part B report. If a student is listed as a File U submission exception in CEDARS, and you intend to count the student for the Timeline for Initial Evaluation and Transition from Part C to Part B, the exception must be reconciled. The student will not appear on the validation list until the submission exception is corrected.

To include verified student records in the report: Check the student's record in the *Verify Initial Eval* check box for the student. Or, to include all of the students in the verification list, click the check box the header row of the table. Then click the Save button.

To add one or more record: Using this [File Template](#), populate it with the student records that could not be populated through a CEDARS Submission. These records **MUST** be formatted using the business rules provided in the CEDARS Manual. The student import template should be saved in a .csv format. Doing so ensures that all data is saved in the intended format prior to importing.

Student Data File Import Instructions:

1. Select your file to import by using the *Choose File* button:
2. Once your file is selected, it will be imported.
3. To view the results of the last submission, go to the [File Import Results](#) page.
4. Verify the records imported in the grid below.

To edit a record: Individual elements of a record cannot be edited in this application. If the record in error was submitted through CEDARS, resubmit the CEDARS file with the corrected information. If the record in error was imported manually, delete the record, and reload it through the file import process.

To delete student records: Check the student's record in the *Delete Student* check box for the student located in the far right column. Then click the Save button.

After all of your district's records are verified, click the *Review and Submit* tab to move to **Step 2: Review and Submit**.

Verify Initial Eval	Verify Part C Transition	SSID	Last Name	First Name	Day of Initial Referral Date (U05)	District Received Consent Date (U06)	Initial Evaluation Eligibility Determination Date (U07)	School Days to Complete Initial Evaluation (U08)	Is Initial Evaluation On-Time	Late Initial Evaluation Desc (U09)	U09 Other Explanation

Records can be uploaded within this application outside of traditional CEDARS Submissions. Using this [File Template](#) populate it with the student records that could not be populated through a CEDARS Submission. These records **MUST** be formatted using the business rules provided in the CEDARS Manual otherwise submission errors will stop the data from loading into the application. The student import template should be saved in a .csv format. Doing so ensures that all data is saved in the intended format prior to importing.

**i** Your changes have been saved successfully!

This is Step 1 of the Timeline for Initial Evaluation and Transition from Part C to Part B Verification Process. This page contains a list of File U.

CEDARS submission exceptions **must** be reconciled for students to be included in the Timeline for Initial Evaluation and Transition from File U submission exception in CEDARS, and you intend to count the student for the Timeline for Initial Evaluation and Transition from Part C to Part B Reporting. The student will not appear on the validation list until the submission exception is corrected.

To include verified student records in the report: Check the student's record in the *Is Verified* check box for the student. Or, to include all records, check the check box the header row of the table. Then click the *Save* button.

To add one or more record: Using this [File Template](#), populate it with the student records that could not be populated through a CEDARS submission. The student import template should be saved in a .csv format. Doing so ensures that the records are properly imported.

Student Data File Import Instructions:

## FILTER AND SEARCH FEATURE

Any column in the Verification list can be filtered or searched. Enter the criteria in the cell of the column you wanted to filter or search and then click on the funnel icon (  ), enter. The results will be listed below.

After all the students who should be included in the count are checked, select the *Save* button at either the top or bottom of the list.

District staff can download both verified and not verified records on the bottom of the Review and Submit page of the application.

## STUDENT VERIFICATION LIST BUSINESS RULES

How to determine why students do or do not display on the Initial Evaluation and Transition from Part C to Part B Verification list:

- Check the status of the last CEDARS submission. If the submission exceeded the logical delete threshold, the CEDARS District Administrator will need to review and either allow the submission to proceed or resubmit a new set of files.
- Check the CEDARS Exceptions Report and correct any exceptions about the student. To be able to verify a student on this report, the student's CEDARS data cannot be a submission exception.
- All elements of File U must be populated without submission exceptions to populate the verification list.

## HOW CEDARS DATA UPDATES THIS APPLICATION

Only non-verified records are updated by new or corrected CEDARS data. New or different CEDARS data will not affect a record if it has been verified and saved. Records that have been verified and saved, will not be affected by any new or different CEDARS data for that student. If data about a verified student record need to be changed:

1. un-verify the student record in this application (uncheck the box and Save), and
2. correct the student record in CEDARS.

**If you use a CEDARS Non-standard submission to make a data change** the application will re-fresh the night of your successful CEDARS submission and would then be available the next day.\*

\*Assuming the CEDARS submission does NOT trip the logical delete threshold and require LEA action before it will be loaded for use. Work with your CEDARS District Administrator if you need assistance.

## Timeline for Initial Evaluation and Transition from Part C to Part B Report – Review and Submit

### Step 2: Review and Submit

Once the student list has been verified and saved, navigate to the *Review and Submit* tab. This section summarizes all the student data verified on the *Verification* tab.

The screenshot shows the application's navigation menu with tabs for 'Welcome', 'Child Count', 'Timeline', 'Admin', 'Verification', 'Review and Submit', and 'Admin'. The 'Review and Submit' tab is active. Below the menu, there is a 'Special Education Reporting' section with a 'Select Organization' dropdown and a 'School District' label. The main content area is titled 'Timeline for Initial Evaluation and Transition from Part C to Part B Reporting' and contains the following text:

Step 2 Review and Submit:  
Review the data verified for your district's Timeline for Initial Evaluation and Transition from Part C to Part B in Step 1 of this application. Those verified records will populate the following reports on this page:

- Timeline for Initial Evaluation
- Transition from Part C to Part B

A green 'Submit' button is located below the list. Below the button is a section titled 'Timeline for Initial Evaluation' with a 'Print Friendly' icon. This section contains a progress bar and the following text:

IDEA Part B Initial Evaluation Timeline--All Initial Evaluations regardless of Age  
Reporting Period July 1 through June 30

School District Name: School District Co-Dist #

0.00 % Percent completing initial evaluation process on time (eligible and not eligible).

Review the data verified for your district's Timeline for Initial Evaluation and Transition from Part C to Part B in Step 1 of this application. Those verified records will populate the following reports on this page:

- Timeline for Initial Evaluation
- Transition from Part C to Part B

After reviewing your district's data to make sure it is summarizing properly, finalize the data by selecting the "Submit" button. The data has not been submitted until this is done. It is highly recommended that you download and save copies of the submitted reports and in the individual student data at this time. **Download the verified as well as the not verified file and keep for your records. After the application rolls over to**

**the new school year, this information will no longer be available to download.** The summary report should also be downloaded at the same time.

**If your district has no students to report for either the Initial Evaluation or the Transition from Part C to Part B Reports, you must confirm and submit 'no students to report'.**

Please remember, it is your LEAs responsibility to keep a copy of these reports available for auditing purposes.

## Revising the Initial Evaluation and Transition from Part C to Part B Report

---

There will be instances in which the LEA will need to add/remove a student from the report or revise demographic data related to a student's record after the count has been verified and locked. Unlocking an LEAs report is requested through the Review and Submit Tab within the application. Click on the link specifying: *"If you would like to request of unlock of your data, please click here"*

### Timeline for Initial Evaluation and Transition from Part C to Part B Reporting

5

Step 2 Review and Submit:

**The data is currently locked. To request that the data be unlocked, click [here](#)**

Review the data verified for your district's Timeline for Initial Evaluation and Transition from Part C to Part B in Step 1 of this application. 1 will populate the following reports on this page:

- Timeline for Initial Evaluation
- Transition from Part C to Part B

Print Friendly

Clicking the link will generate an email to OSPI Special Education staff who will either unlock the LEAs data as requested or deny the request. The person requesting the unlock will receive an email when the application has been unlocked or denied. Once the application is unlocked, the Step 1: Verification list of students will be available to edit. To remove a student from the list, uncheck the *Verify Initial Eval* box for that specific student and click the save button. If the *Verify Part C Transition* box was also checked, it will now also be unchecked. Before exiting the application, resubmit the data, otherwise the report will be considered not completed.

To edit data from a record, uncheck the *Verify Initial Eval* box for that specific student and *Save* the record. Any new data submitted through CEDARS should populate the record at this time. If that does not occur, refresh your screen. If the data has been successfully submitted through CEDARS, it should now be available in this application. Save the record and resubmit the data, otherwise the report will be considered not completed.

District staff **will not** have the opportunity to modify the data after the reporting deadline.

## General Reporting Tips

---

### Enrollment Status

Some students may not yet have an SSID when they are referred. But they may have an SSID by the time they are finished with the referral process and data can be submitted at that time. Initial evaluation referrals

received for students that are still not enrolled by the time they are finished with the referral process must be reported through the Upload Process described on page 6 of this guide.

## Parental Consent

Do not report instances where there is no parental consent. The evaluation and eligibility procedure will not continue without parental consent and there will be no process or outcome data to report.

## Determined Ineligible

Students referred and then determined ineligible must still be reported. Including all related timelines associated with the referral and eligibility processes.

## Multiple Referrals

If a student is referred multiple times, there should be a record to represent each referral process. Do not combine data on multiple referrals into a single record.

## School Year Spans

If a single referral process spans multiple *school* years (not calendar years), we would expect the entire process to be reported in File U for the school year the evaluation/eligibility determination (Element U07) and subsequent steps occurred in.

## Initial Evaluation, Eligibility, and Transition from Part C to Part B CEDARS Elements

File U Element	Valid Value Guidance
<u>Element U01</u> – School Year	The four–digit year in which the school year ends. Business Rules: For the 2023–24 school year, report 2024.
<u>Element U02</u> – Serving County District Code	The serving county district code for the district submitting the data. This is the unique 5–digit number that combines the 2– digit county code and the 3–digit district code.  Business Rules: Report the code representing the district as assigned by OSPI in EDS. Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type.
<u>Element U03</u> – District Student ID	This is the student identifier assigned by the district to the student. This data element is used in the matching of district data with records in CEDARS. Business Rules: The value is unique within the school district. The value can be any combination of alpha and/or numeric values up to fifty characters in length. This ID should follow the student throughout their enrollment within the district and should not be reassigned to another student.
<u>Element U04</u> – State Student ID (SSID)	Randomly generated number that functions as a unique student identifier for each Washington public school student. This number is assigned by OSPI. Business Rules: SSID values must be exactly 10 digits in length and only contain numeric values. SSID numbers must not begin with a zero. Uploading two or more student records from the same district with identical SSIDs, but with different District Student IDs, will trigger an exception error. Students who are

	home schooled and receive services through the school district (Running Start, special education, etc.) shall be issued an SSID number and reported in CEDARS.
<u>Element U05</u> – Date of Initial Referral	The date the district received a referral for evaluation to special education. For students transitioning from <u>Part C</u> to <u>Part B</u> , the date of referral would be the date the district was notified by Part C that the student is potentially eligible for Part B. A parent or guardian of the student, a school district, a public agency, or other persons knowledgeable about the student may initiate a request for an initial evaluation to determine if the student is eligible for special education per <u>WAC 392-172A-03005</u> . The request will be in writing unless the person is unable to write. Refer to the CEDARS Reporting Guidance for additional information, examples, and guidance for submitting this data: <a href="https://cedars.ospi.k12.wa.us">CEDARS (ospi.k12.wa.us)</a> . Business Rules: Required for any student referred for initial evaluation to special education.
<u>Element U06</u> – Date District Received Consent	The date the district receives consent from the parent or guardian to proceed with initial evaluation for eligibility of special education services. Prior to conducting the evaluation to determine if a student is eligible for special education services, the school district proposing to conduct the evaluation must provide written notice consistent with <u>WAC 392-172A-05010</u> and must obtain consent from the parent before conducting the evaluation. This is not the date the parent signed the consent, but rather the date the district received the consent. Business Rules: Date is required. Date should be formatted as MM/DD/YYYY. Element U06 must be on or after <u>Element U05</u> – Date of Initial Referral.
<u>Element U07</u> – Date of Initial Evaluation/ Eligibility Determination	The date the evaluation team has completed the initial evaluation and determined if the student is eligible to receive special education services. If the student is determined eligible then the team must move forward to develop an IEP. Business Rules: Date is required. Date should be formatted as MM/DD/YYYY. Element U07 must occur after <u>Element U06</u> – Date District Received Consent.
<u>Element U08</u> – Number of School Days to Complete Initial Evaluation/Eligibility	Enter the number of school days from when the district received parent consent ( <u>Element U06</u> – Date District Received Consent) to when the Initial Evaluation/Eligibility was completed. The day the district receives parent consent is considered to be day zero. School day means any day, including a partial day that students are in attendance at school for instructional purposes, including students with and without disabilities. If Element U07 Date of Initial Evaluation/Eligibility Determination is the same date as Element U06 Date District Received Consent, then total number of school days to complete is 0 (zero). Do not count days in which the district is not in session due to inclement weather. Business Rules: May not be null. Must be zero or greater.
<u>Element U09</u> – Reason for Late Initial Evaluation/Eligibility	Districts must provide a reason if the initial evaluation/eligibility was not completed within the 35 school day timeline. School day means any day, including a partial day that students are in attendance at school for instructional purposes, including students with and without disabilities. Do not count days in which the district is not in session due to inclement weather.

	<p>Business Rules: Required if <u>Element U08</u> – Number of School Days to Complete Initial Evaluation/Eligibility is greater than 35. Refer to valid values in Appendix AF, found in the CEDARS Appendices, located at: <a href="https://cedars.ospi.k12.wa.us">CEDARS (ospi.k12.wa.us)</a></p>
<p><u>Element U10</u> – Outcome of Initial Evaluation/Eligibility</p>	<p>The outcome determined by the evaluation team as to whether the student is found eligible for special education services. Upon completion of the initial evaluation, a determination is made as to whether a student is eligible for special education as per <u>WAC 392-172A-03040</u>.</p> <p>Business Rules: Report the outcome from the list of valid values. Report 3 – <i>Determined Eligible for Special Education Services (Process Complete, no IEP to develop)</i> or 6 – <i>Determined Eligible for Special Education Services and transitioning from the State Part C Program (Process Complete, no IEP to develop)</i> if the evaluation/eligibility process was completed and the student is found eligible, but the process did not continue.
