Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

- Yes
- No
- If Yes, explain: _____

Purpose: The purpose of this emergency rulemaking is to extend the apportionment advance request and payout periods for school districts and charter schools, and to establish requirements for repayment assurance and apportionment advance repayment schedules for funds received. As a result of enrollment declines, expiring access to federal COVID relief, unanticipated rise in uncontrollable costs, and other unforeseen events, many districts have experienced unprecedented financial difficulties. Extending the apportionment request, payout, and repayment periods would allow districts to access funds that are essential for the continuity of operations, maintenance, and other education services.

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: Given the unprecedented financial effects of enrollment declines, expiring access to federal COVID relief, unanticipated rise in uncontrollable costs, and other unforeseen events, the immediate adoption of this emergency rule to extend districts' and charter schools' access to apportionment advances is necessary for the preservation of public health, safety, and the general welfare.

OSPI will also conduct permanent rulemaking concerning the extension of apportionment advance request, payout, and repayment periods.
