## A.2. PURPOSE OF REQUEST FOR PROPOSALS

## A.3. BACKGROUND

Led by Superintendent Chris Reykdal, OSPI is the primary agency charged with overseeing public K–12 education in Washington state. Working with the state's two hundred ninety-five (295) public school districts, six (6) state-tribal education compact schools, and public charter schools, OSPI allocates funding and provides tools, resources, and technical assistance, so every student in Washington is provided a high-quality public education.

The foundation of this work will be focused on encouraging Washington districts, schools, educators, administrators, and staff to provide culturally responsive and sustainable learning environments. Educators will be better equipped to personalize instruction that targets learning recovery and acceleration by utilizing standards-aligned instructional materials that incorporate equitable instructional approaches for all students. Subcontracted teacher teams will review available instructional materials for inclusion in a Washington State Aligned Materials list. While the materials review process is conducted, the OSPI math office, in collaboration with the Open Educational Resources and Instructional Materials Program Manager, will offer districts the opportunity to engage in learning to build their capacity to use the published list for making data-informed decisions to adopt materials best suited to their students' needs. The complaint process is available to Consultants interested in this RFP. - The Solicitation unnecessarily restricts competition;
- The Solicitation evaluation or scoring process is unfair or flawed; or
- The Solicitation requirements are inadequate or insufficient to prepare a proposal.

Consultants may submit complaints up to five (5) business days prior to the proposal due date noted in the Estimated Schedule of Procurement Activities. The OSPI Contracts Administrator or an employee delegated by the Contracts Administrator will review valid complaints and respond to the submitter in writing. OSPI will consider all complaints but is not required to adopt a complaint, in part or in full. OSPI's response to the

complaint is final and not subject to administrative appeal. The response, and any changes to the RFP, will be posted as an amendment to WEBS prior to the proposal due date. Any complaint addressed during the complaint process cannot be raised during the protest process.

OSPI does not assume responsibility for any problems with the electronic delivery of materials.

Proposals not received by the deadline will not be reviewed. Late proposals will not be accepted and will be automatically disqualified from further consideration. Proposals must respond to the procurement requirements. Do not respond by referring to material presented elsewhere. The proposal must be complete and must stand on its own merits.

Failure to respond to any portion of the procurement document may result in the rejection of the proposal as nonresponsive. All proposals and any accompanying documentation become the property of OSPI and will not be returned.

## **B.7. PROPRIETARY INFORMATION/PUBLIC DISCLOSURE**

Your entire response to this RFP is a public record and will be disclosed consistent with the Public Records Act, Chapter 42.56 RCW. Bid submissions and evaluations are temporarily exempt from public disclosure until the announcement of the ASB(s).

If you have any questions, refer to the [OSPI Public Records Office](#).

## **B.8. ADDENDUMS AND AMENDMENTS TO THE RFP**

### C.1. PROPOSAL OVERVIEW

Proposals must be formatted to print on eight and one-half by eleven (8 ½ x 11) inch paper size with individual sections clearly identified. The Letter of Submittal, excluding the signed *Certifications and Assurances* and *Contractor Intake Form*, shall be a maximum of one (1) page. The four (4) major sections of the proposal are to be submitted in the order noted below:

1. Letter of Submittal including signed certifications, as applicable
2. Technical Proposal
3. Management Proposal
4. Cost Proposal

Proposals must provide information in the same order as presented in this document with the same headings. This will not only be helpful to the evaluators of the proposal, but should assist the Consultant in preparing a thorough response.

### C.2. LETTER OF SUBMITTAL

The Letter of Submittal shall include introductory remarks, contact information for the Bidder's point of contact for the proposal, and applicable certifications must be signed and dated by a person authorized to legally bind the Consultant to a contractual relationship, (e.g., the President or Executive Director if a corporation, the managing partner if a partnership, or the proprietor if a sole proprietorship).

### C.3. TECHNICAL PROPOSAL

The Technical Proposal must contain a comprehensive description of services including the following elements:

**C.3.i. Project Approach/Methodology** – Include a complete description of the Consultant's proposed approach and methodology for the project. This section should convey Consultant's understanding of the proposed project.

**C.3.ii. Work Plan** – Include all project requirements and the proposed tasks, services, activities, etc., necessary to accomplish the scope of the project defined in this RFP. This section of the Technical Proposal must contain sufficient detail to convey to members of the evaluation team the Consultant's knowledge of the subjects and skills necessary to successfully complete the project. Include any required involvement of OSPI staff. The Consultant may also present any creative approaches that might be appropriate and may provide any pertinent supporting documentation.

**C.3.iii. Project Schedule** – Include a project schedule indicating when the elements of the work will be completed and when deliverables, if any, will be provided.

**C.3.iv. Deliverables** – Fully describe deliverables to be submitted under the proposed contract.

**C.3.v. Performance-Based Contracting** – RCW RCW 39.26.180 requires that, to the extent practicable, Washington State agencies enter into performance-based contracts. Performance-based contracts identify expected deliverables and performance measures or outcomes and are contingent on the contractor providing such deliverables or achieving performance outcomes.

Bidders are encouraged to structure Technical and Cost proposals in a performance-based manner that identify payment(s) tied to deliverables identified in Section C.3.iv.

**C.3.vi. Outcomes and Performance Measurement** – Describe the impacts/outcomes the Consultant proposes to achieve as a result of the delivery of these services including how these outcomes would be monitored, measured, and reported to the state agency.

Note: Mere repetition of the work statement in Section 1 will not be considered responsive.

**C.3.vii. Risks** – Define risks you identify as being significant to the success of the project. Include how you would propose to effectively monitor and manage these risks, including reporting of risks to the Agency’s contract manager.

## **C.4. MANAGEMENT PROPOSAL**

### **C.4.i. Project Management**

**Project Team Structure/Internal Controls** – Provide a description of the proposed project team structure and internal controls to be used during the course of the project, including any subcontractors. Provide an organizational chart of your firm indicating lines of authority for personnel involved in performance of this potential Contract and relationships of this staff to other programs or functions of the firm. This chart must also show lines of authority to the next senior level of management. Include who within the firm will have prime responsibility and final authority for the work.

**Staff Qualifications/Experience** – Identify staff, including subcontractors, who will be assigned to the potential Contract, indicating the responsibilities and qualifications of such personnel, and include the amount of time each will be assigned to the project. Provide résumés for the named staff, which include information on the individual's particular skills

related to this project, education, experience, significant accomplishments and any other pertinent information. The Consultant must commit that staff identified in its proposal will actually perform the assigned work. Any staff substitution must have the prior approval of OSPI.

#### **C.4.ii. Experience of the Consultant**

**Relevant Experience** – Describe how the Consultant meets the minimum qualifications and, if applicable, the desired qualifications. Include other relevant experience that indicates the qualifications of the Consultant, and any subcontractors, for the performance of the potential Contract. Bidder shall also affirm minimum qualifications on the *Qualifications Assurances and Certification Form*.

**Related Contracts** – Include a list of contracts the Consultant has had during the last five (5) years that relate to the Consultant's ability to perform the services needed under this RFP. List contract reference numbers, contract period of performance, contact persons, telephone numbers, and fax numbers/e-mail addresses.

#### **C.4.iii. References**

List names, addresses, telephone numbers, and fax numbers/email addresses of three (3) business references for whom work has been accomplished and briefly describe the type of service provided for them. By submitting a proposal in response to this RFP, the Consultant and team members grant permission to OSPI to contact these references and others who, from OSPI's perspective, may have pertinent information. OSPI may or may not, at OSPI's discretion, contact these references or others. Do not include current OSPI staff as references.

#### **C.4.iv. Past Performance**

Provide information regarding past performance by indicating if the Consultant has received notification of contract breach in the past five (5) years. This does not lead to automatic disqualification. However, OSPI reserves the right to disqualify Consultant proposals based on the Consultant's historical performance, as outlined above in Section B. General Information for Consultants, 11. Responsiveness.

### **C.5. COST PROPOSAL**

The evaluation process is designed to award this procurement not necessarily to the Consultant of least cost, but rather to the Consultant whose proposal best meets the requirements of this RFP. However, Consultants are encouraged to submit proposals that are consistent with state government efforts to conserve state resources.

**C.5.i. Identification of Costs**

Identify all costs including expenses to be charged for performing the services necessary to accomplish the objectives of the Contract. The Consultant is to submit a fully detailed budget including staff costs, administrative costs, travel costs, and any other expenses necessary to accomplish the tasks and to produce the deliverables under the Contract. Consultants are required to collect and pay Washington State sales tax, if applicable.

**C.5.ii. Travel Costs**

If the Consultant’s proposal includes any travel-related expenses as a line item, they are to be broken out separately. Any applicable mileage, meals, lodging, or other travel-related expenses, will be reimbursed in accordance with [Washington State travel regulations](#) established by the Office of Financial Management.

**C.5.iii. Subcontractor Costs**

Costs for subcontractors are to be broken out separately. Please note if any subcontractors are certified by the Office of Minority and Women’s Business Enterprises.

**C.5.iv. Indirect Costs**

Per OSPI’s indirect costs policy, the maximum amount that may be charged or included in contracts is the following:

Entity	State Contracts	Federal Contracts
School Districts	State recovery rate	Federal indirect rates, per OSPI’s agreement with the U.S. Department of Education
Educational Service Districts	Per annual letter of agreement by K-12 Financial Resources Division	Per annual letter of agreement by K-12 Financial Resources Division
All other entities (including higher education, non-profits, independent consultants, etc.)	10%	10%

## Section D. EVALUATION AND AWARD

---

### D.1. EVALUATION PROCEDURE

Responsive proposals will be evaluated strictly in accordance with the requirements stated in this RFP and any addenda issued. The evaluation of proposals shall be accomplished by an evaluation team, to be designated by OSPI, which will determine the ranking of the proposals.

### D.2. EVALUATION WEIGHTING AND SCORING

The following points will be assigned to the proposals for evaluation purposes:

Category	Maximum Points Possible
<b>Technical Proposal</b>	
Project Approach/Methodology	15 points
Quality of Work Plan	35 points
Project Schedule	10 points
Project Deliverables	10 points
Risks	10 points
<b>Management Proposal</b>	
Project Team Structure/Internal Controls	15 points
Staff Qualifications/Experience	15 points
Experience of the Consultant	30 points
<b>Cost Proposal</b>	
<b>Subtotal</b>	
	<b>210 points</b>
Reference Checks (if determined necessary by OSPI)	10 points
Oral Presentation (if determined necessary by OSPI)	10 points
<b>GRAND TOTAL FOR PROPOSAL</b>	
	<b>230 points</b>

### D.3. REFERENCE CHECKS

References may be contacted for the top-scoring bidder(s) only and will then be scored and added to the total score.

#### **D.4. ORAL PRESENTATIONS**

After bids are received and written evaluations are completed, OSPI, at its sole discretion, may request that one or more Responsible and Responsive Bidders participate in an oral interview and/or presentation or demonstration. Should OSPI elect to hold oral presentations, it will contact the top-scoring bidder(s) to schedule a date, time, and location. Commitments made by the bidder at the oral interview, if any, will be considered binding.

The scores from the written evaluation and the oral presentation combined together will determine the Apparent Successful Bidder.

#### **D.5. SELECTION OF APPARENT SUCCESSFUL BIDDER**

OSPI reserves the right to award the Contract to the bidder whose proposal is deemed to be in the best interest of and most advantageous to OSPI and the state of Washington. The selected bidder will be declared the Apparent Successful Bidder (ASB).

The date of announcement of the ASB will be the date the announcement is emailed. The State will enter into contract negotiations with the ASB. Should contract negotiations fail to be completed within two (2) weeks after initiation, the State may immediately cease contract negotiations, declare the bidder with the second highest score as the new ASB, and enter into contract negotiations with that bidder. This process will continue until the Contracts are signed or no qualified Bidders remain.

#### **D.6. NOTIFICATION TO BIDDERS**

Proposals that have not been selected for further negotiation or award will be notified via email by the RFP Coordinator.

#### **D.7. DEBRIEFING OF UNSUCCESSFUL BIDDERS**

At the bidder's request, an individual debriefing conference will be scheduled with an unsuccessful Bidder. The request for a debriefing conference must be received by the RFP Coordinator within three (3) business days following announcement of the ASB. The debriefing must be held within three (3) business days of the request, unless otherwise agreed upon by OSPI and Bidder.

Discussion will be limited to a critique of the requesting bidder's proposal. Comparisons between proposals or evaluations of the other proposals will not be allowed. Debriefing conferences may be conducted in person or on the telephone and will be scheduled for a maximum of one (1) hour.

Since debriefing conferences pertain to the formal evaluation process, Bidders who were disqualified as nonresponsive and therefore did not go through the formal evaluation process, are not entitled to a debriefing conference.

Please note, because the debrief process must occur before making an award, OSPI likely will schedule the Debrief Conference shortly after the announcement of the ASB and the bidder's request for a Debrief Conference. OSPI will not allow the debrief process to delay the award. Therefore, Bidders should plan for contingencies and alternate representatives; Bidders who are unwilling or unable to attend the Debrief Conference will lose the opportunity to protest.

#### **D.8. PROTEST PROCEDURE**

This protest procedure is available to Bidders who submitted a response to this RFP document and who have participated in a debriefing conference. Upon completion of the debriefing conference, the Consultant is allowed five (5) business days to file a protest of the procurement with the RFP Coordinator. Protests shall be submitted to the RFP Coordinator via email.

Consultants protesting this procurement shall follow the procedures described below. Protests that do not follow these procedures shall not be considered. This protest procedure constitutes the sole administrative remedy available to Bidders under this procurement.

The protest must state:

1. The RFP number.
2. The grounds for the protest including specific facts and complete statements of the action(s) being protested. The protesting party may submit with the protest any documents or information deemed relevant.
3. A description of the relief or corrective action being requested should also be included.

Only protests stipulating an issue of fact concerning the following subjects shall be considered:

- A matter of bias, discrimination or conflict of interest on the part of the evaluator/evaluation team;
- Errors in computing the score; and/or
- Non-compliance with procedures described in the procurement document or OSPI policy.

Protests not based on procedural matters will not be considered. Protests will be rejected as without merit if they address issues such as: 1) an evaluator's professional judgment on the quality of a proposal, 2) OSPI's assessment of its own and/or other agencies needs or requirements, or 3) a complaint raised during the Complaint Procedure.

Upon receipt of a protest, a protest review will be held by OSPI.

1. The agency will assign a Protest Officer who had no involvement in the evaluation and award process to investigate and respond to the protest.
2. The Protest Officer will consider the available facts and issue a written response to the bidder within ten (10) business days after receipt of the protest, unless additional time is needed. OSPI will notify the protesting bidder in writing if additional time is needed.
3. A copy of the protest and the agency's written decision will be provided to the Superintendent of Public Instruction and the Director of DES.

In the event a protest may affect the interest of another Bidder that submitted a proposal, such bidder will be given an opportunity to submit its views and any relevant information on the protest to the Protest Officer.

The final determination of the protest shall either:

- Find the protest lacking in merit and uphold OSPI's action; or
- Find only technical or harmless errors in OSPI's procurement process and determine OSPI to be in substantial compliance and reject the protest; or
- Find merit in the protest and provide OSPI options which may include:
  - Correct the errors and re-evaluate all proposals, and/or
  - Reissue the RFP document and begin a new process, or
  - Make other findings and determine other courses of action as appropriate.

If OSPI determines that the protest is without merit, OSPI will enter into a contract with the Apparent Successful Bidder, assuming the parties reach agreement on the Contract's terms. If the protest is determined to have merit, one of the alternatives noted in the preceding paragraph will be taken. All decisions made by OSPI relating to the protest shall be final.

As alternatives to the above Dispute Board process: (1) if the dispute is between two or more state agencies, any one of the agencies may request intervention by the Governor, as provided by 43.17.330 RCW, in which event the Governor's process shall control; and, (2) if the dispute is between a non-state agency and another state agency or non-state agency party to this Contract, all the disputing parties may mutually agree to mediation prior to submitting the dispute to a Dispute Board in the event the dispute is not resolved pursuant to mediation within an agreed-upon time period.

**18. Duplicate Payment.** The Superintendent shall not pay the Contractor, if the Contractor has charged or will charge the state of Washington or any other party under any other contract or agreement, for the same services or expenses.

**19. Electronic signature.** Any signature page delivered via fax machine or electronic image scan, receipt acknowledged in each case, shall be binding to the same extent as an original, wet ink signature page. Any Party who delivers such a signature page agrees to later deliver an original counterpart to any Party which requests it.

**20. Entire Agreement.** This Contract contains all the terms and conditions agreed upon by the parties. No other understandings, oral or otherwise, regarding the subject matter of this Contract shall be deemed to exist or to bind any of the parties hereto.

**21. Ethical Conduct.** Neither the Contractor nor any employee or agent of the Contractor shall participate in the performance of any duty or service in whole or part under this Contract in violation of, or in a manner that violates any provision of the Ethics in Public Service law at Chapter 42.52 RCW, RCW 42.17A.550, RCW 42.17A.555, and 41.06.250 prohibiting the use of public resources for political purposes.

Contractor represents and warrants that it complies fully with all applicable procurement ethics restrictions including, but not limited to, restrictions against Contractor providing gifts or anything of economic value, directly or indirectly, to the Superintendent's employees.

**22. Governing Law and Venue.** This Contract shall be construed and interpreted in accordance with the laws of the State of Washington and the venue of any action brought hereunder shall be in Superior Court for Thurston County.

**23. Indemnification.** To the fullest extent permitted by law, Contractor shall indemnify, defend and hold harmless the Superintendent and all officials, agents, and employees of the Superintendent, from and against all claims for injuries or death arising out of or resulting from the performance of this Contract. "Claim" as used in this Contract, means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorney's fees, attributable for bodily injury, sickness, disease, or death, or injury to or destruction of tangible property including loss of use resulting therefrom. Additionally, "claims" shall include but not be limited to, assertions that the use or transfer of any software, book, document, report, film, tape or sound reproduction or material of any kind, delivered hereunder, constitutes an infringement of any copyright, patent, trademark, trade name, or otherwise results in an unfair trade practice or in unlawful restraint of competition. Contractor's obligation to indemnify, defend and hold harmless includes any claim by Contractor's agents, employees, representatives, or any subcontractor or its employees.

Contractor expressly agrees to indemnify, defend, and hold harmless the Superintendent for any claim out of or incident to Contractor's or subcontractor's performance or failure to perform the Contract. Contractor's obligation to indemnify, defend, or hold harmless the Superintendent shall not be eliminated or reduced by any actual or alleged concurrent negligence by Superintendent or its agents, employees, or officials.

Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless Superintendent and its agents, employees, or officials.

**24. Independent Capacity of the Contractor.** The parties intend that an independent Contractor relationship will be created by this Contract. The Contractor and his/her employees or agents performing under this Contract are not employees or agents of the Superintendent. The Contractor will not hold himself/herself out as nor claim to be an officer or employee of the Superintendent or of the state of Washington by reason hereof, nor will the Contractor make any claim or right, privilege, or benefit which would accrue to such employee under law. Conduct and control of the work will be solely with the Contractor.

**25. Insurance.**

- a. **Worker's Compensation Coverage.** The Contractor shall at all times comply with all applicable worker's compensation, occupational disease, and occupational health and safety laws, statutes, and regulations to the fullest extent applicable. This requirement includes the purchase of industrial insurance coverage for the Contractor's employees, as may now hereafter be required of an "employer" as defined in Title 51 RCW. Such worker's compensation and occupational disease

requirements shall include coverage for all employees of the Contractor, and for all employees of any subcontract retained by the Contractor, suffering bodily injury (including death) by accident or disease, which arises out of or in connection with the performance of this Contract. Satisfaction of these requirements shall include, but shall not be limited to:

- 1) Full participation in any required governmental occupational injury and/or disease insurance program, to the extent participation in such a program is mandatory in any jurisdiction;
- 2) Purchase worker's compensation and occupational disease insurance benefits to employees in full compliance with all applicable laws, statutes, and regulations, but only to the extent such coverage is not provided under mandatory governmental program in "a" above, and/or;
- 3) Maintenance of a legally permitted and governmentally approved program of self-insurance for worker's compensation and occupational disease.

Except to the extent prohibited by law, the program of the Contractor's compliance with worker's compensation and occupational disease laws, statutes, and regulations in 1), 2), and 3) above shall provide for a full waiver of rights of subrogation against the Superintendent, its directors, officers, and employees.

If the Contractor, or any subcontractor retained by the Contractor, fails to effect and maintain a program of compliance with applicable worker's compensation and occupational disease laws, statutes, and regulations and the Superintendent incurs fines or is required by law to provide benefits to such employees, to obtain coverage for such employees, the Contractor will indemnify the Superintendent for such fines, payment of benefits to Contractor or subcontractor employees or their heirs or legal representatives, and/or the cost of effecting coverage on behalf of such employees. Any amount owed the Superintendent by the Contractor pursuant to the indemnity may be deducted from any payments owed by the Superintendent to the Contractor for the performance of this Contract.

- b. **Proof of Insurance.** Certificates and or evidence satisfactory to the Superintendent confirming the existence, terms and conditions of all insurance required above shall be delivered to the Superintendent within five (5) days of the Contractor's receipt of Authorization to Proceed.
- c. **General Insurance Requirements.** Contractor shall, at all times during the term of the Contract and at its cost and expense, buy and maintain insurance of the types and amounts listed above. Failure to buy and maintain the required insurance may result in the termination of the Contract at the Superintendent's option. By requiring

insurance herein, Superintendent does not represent that coverage and limits will be adequate to protect Contractor and such coverage and limits shall not limit Contractor's liability under the indemnities and reimbursements granted to the Superintendent in this Contract.

Contractor shall include all subcontractors as insureds under all required insurance policies, or shall furnish proof of insurance and endorsements for each subcontractor. Subcontractor(s) must comply fully with all insurance requirements stated herein. Failure of subcontractor(s) to comply with insurance requirements does not limit Contractor's liability or responsibility.

**26. Licensing and Accreditation Standards.** The Contractor shall comply with all applicable local, state, and federal licensing, accreditation and registration requirements/standards, necessary to the performance of this Contract.

**27. Limitation of Authority.** Only the Superintendent or the Superintendent's delegate by writing (delegation to be made prior to action) shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this Contract. Furthermore, any alteration, amendment, modification, or waiver or any clause or condition of this Contract is not effective or binding unless made in writing and signed by the Superintendent.

**28. Non-Discrimination.** The Contractor shall comply with all the federal and state non-discrimination laws, regulations and policies, which are otherwise applicable to the Superintendent. Accordingly, no person shall, on the ground of sex, race, creed, religion, color, national origin, marital status, families with children, age, veteran or military status, sexual orientation, gender expression, gender identity, disability, or the use of a trained dog guide or service animal, be unlawfully excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any activity performed by the Contractor and its agents under this Contract. The Contractor shall notify the Superintendent immediately of any allegations, claims, disputes, or challenges made against it under non-discrimination laws, regulations, or policies, or under the Americans with Disabilities Act. In the event of the Contractor's noncompliance or refusal to comply with this nondiscrimination provision, this Contract may be rescinded, cancelled or terminated in whole or part, and the Contractor may be declared ineligible for further contracts with the Superintendent.

**29. Overpayments.** Contractor shall refund to Superintendent the full amount of any overpayment under this Contract within thirty (30) calendar days of written notice. If Contractor fails to make a prompt refund, Superintendent may charge Contractor one percent (1%) per month on the amount due until paid in full.

**30. Payments.** No payments in advance or in anticipation of services or supplies to be provided under this Contract shall be made by the Superintendent. All payments to the Contractor are conditioned upon (1) Contractor's submission of a properly executed and supported voucher for payment, including such supporting documentation of performance and supporting documentation of costs incurred or paid, or both as is otherwise provided for in the body of this Contract under Duties of the Superintendent, and (2) Acceptance and certification by the Superintendent or designee of satisfactory performance by the Contractor.

Except as otherwise provided in this Contract, (1) All approvable vouchers for payment due to the Contractor shall be paid within thirty (30) calendar days of their submission by the Contractor, and (2) All expenses necessary to the Contractor's performance of this Contract not specifically mentioned in the Contract shall be borne in full by the Contractor.

**31. Public Disclosure.** Contractor acknowledges that the Superintendent is subject to the Washington State Public Records Act, Chapter 42.56 RCW, and that this Contract shall be a public record as defined in RCW 42.56. Any specific information that is claimed by the Contractor to be confidential or proprietary must be clearly identified as such by the Contractor. To the extent consistent with chapter 42.56 RCW, the Superintendent shall maintain the confidentiality of all such information marked confidential or proprietary. If a request is made to view the Contractor's information, the Superintendent will notify the Contractor of the request and the date that such records will be released to the requester unless Contractor obtains a court order enjoining that disclosure. If the Contractor fails to obtain the court order enjoining disclosure, the Superintendent will release the requested information on the date specified.

**32. Publicity.** The Contractor agrees to submit to the Superintendent all advertising and publicity matters relating to this Contract which in the Superintendent's judgment, Superintendent's name can be implied or is specifically mentioned. The Contractor agrees not to publish or use such advertising and publicity matters without the prior written consent of the Superintendent.

**33. Registration with Department of Revenue.** The Contractor shall complete registration with the Department of Revenue and be responsible for payment of all taxes due on payments made under this Contract.

**34. Records Maintenance.** The Contractor shall maintain all books, records, documents, data and other evidence relating to this Contract and performance of the services described herein, including but not limited to accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Contract. Contractor shall retain such records for a period of six years following the date of final payment. At no additional cost, these records, including materials generated under the Contract, shall be subject at all reasonable times to inspection, review or audit by the

Superintendent, personnel duly authorized by the Superintendent, the Office of the State Auditor, and federal and state officials so authorized by law, regulation or agreement.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

**35. Right of Inspection.** The Contractor shall provide right of access to its facilities to the Superintendent or any of its officers at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this Contract on behalf of the Superintendent. All inspections and evaluations shall be performed in such a manner that will not unduly interfere with the Contractor's business or work hereunder.

**36. Severability.** The provisions of this Contract are intended to be severable. If any term or provision is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of the Contract.

**37. Site Security.** While on Superintendent premises, Contractor, its agents, employees, or subcontractors shall conform in all respects with physical, fire or other security policies or regulations.

**38. Subcontracting.** Neither the Contractor nor any subcontractor shall enter into subcontracts for any of the work contemplated under this Contract without obtaining prior written approval of the Superintendent. Contractor is responsible to ensure that all terms, conditions, assurances and certifications set forth in this Contract are included in any and all Subcontracts. In no event shall the existence of the subcontract operate to release or reduce liability of the Contractor to the Superintendent for any breach in the performance of the Contractor's duties. This clause does not include contracts of employment between the Contractor and personnel assigned to work under this Contract.

If, at any time during the progress of the work, the Superintendent determines in its sole judgment that any subcontractor is incompetent, the Superintendent shall notify the Contractor, and the Contractor shall take immediate steps to terminate the subcontractor's involvement in the work. The rejection or approval by the Superintendent of any subcontractor or the termination of a subcontractor shall not relieve the Contractor of any of its responsibilities under the Contract, nor be the basis for additional charges to the Superintendent.

**39. Taxes.** All payments accrued on account of payroll taxes, unemployment contributions, any other taxes, insurance or other expenses for the Contractor or its staff shall be the sole responsibility of the Contractor.

**40. Technology Security Requirements.** The security requirements in this document reflect the applicable [requirements of Standard 141.10 of the Office of the Chief Information Officer \(OCIO\)](#) for the state of Washington, which by this reference are incorporated into this agreement.

The Contractor acknowledges it is required to comply with WaTech OCIO IT Security Policy 141 and OCIO IT Security Standard 141.10, Securing Information Technology Assets. OCIO IT Security Standard 141.10, Securing Information Technology Assets, applies to all Superintendent assets stored as part of a service, application, data, system, portal, module, components or plug-in product(s) that are secured as defined by the WaTech OCIO's IT Security Policy 141 and OCIO IT Security Standard 141.10, Securing Information Technology Assets.

As part of OCIO IT Security Standard 141.10, a design review checklist and/or other action may be required. These activities will be managed and coordinated between Superintendent and the Contractor. Any related costs to performing these activities shall be at the expense of the Contractor. Any such activities and resulting checklist and/or other products must be shared with the Superintendent's Information Technology Services.

**41. Termination for Convenience.** Except as otherwise provided in this Contract, the Superintendent or Superintendent's Designee may, by ten (10) days written notice, beginning on the second day after the mailing, terminate this Contract in whole or in part. The notice shall specify the date of termination and shall be conclusively deemed to have been delivered to and received by the Contractor as of midnight the second day of mailing in the absence of proof of actual delivery to and receipt by the Contractor. If this Contract is so terminated, the Superintendent shall be liable only for payment required under the terms of the Contract for services rendered or goods delivered prior to the effective date of termination.

**42. Termination for Default.** In the event the Superintendent determines the Contractor has failed to comply with the conditions of this Contract in a timely manner, the Superintendent has the right to suspend or terminate this Contract. The Superintendent shall notify the Contractor in writing of the need to take corrective action. If corrective action is not taken within thirty (30) days, the Contract may be terminated. The Superintendent reserves the right to suspend all or part of the Contract, withhold further payments, or prohibit the Contractor from incurring additional obligations of funds during investigation of the alleged compliance breach and pending corrective action by the Contractor or a decision by the Superintendent to terminate the Contract. In the event of termination, the Contractor shall be liable for damages as authorized by law including, but not limited to, any cost difference between the original Contract and the replacement or cover Contract and all administrative costs directly related to the replacement Contract, e.g., cost of the competitive bidding, mailing, advertising and staff time. The termination shall be deemed to be a "Termination for Convenience" if it is determined that the Contractor: (1) was not in default; or (2) failure

to perform was outside of his or her control, fault or negligence. The rights and remedies of the Superintendent provided in this Contract are not exclusive and are in addition to any other rights and remedies provided by law.

**43. Termination Due to Funding Limitations or Contract Renegotiation, Suspension.** In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Contract and prior to normal completion of this Contract, with the notice specified below and without liability for damages:

- a. At Superintendent's discretion, the Superintendent may give written notice of intent to renegotiate the Contract under the revised funding conditions.
- b. At Superintendent's discretion, the Superintendent may give written notice to Contractor to suspend performance when Superintendent determines there is reasonable likelihood that the funding insufficiency may be resolved in a timeframe that would allow Contractor's performance to be resumed.
  - (1) During the period of suspension of performance, each party will inform the other of any conditions that may reasonably affect the potential for resumption of performance.
  - (2) When Superintendent determines that the funding insufficiency is resolved, it will give the Contractor written notice to resume performance, and Contractor shall resume performance.
  - (3) Upon the receipt of notice under b. (2), if Contractor is unable to resume performance of this Contract or if the Contractor's proposed resumption date is not acceptable to Superintendent and an acceptable date cannot be negotiated, Superintendent may terminate the Contract by giving written notice to the Contractor. The parties agree that the Contract will be terminated retroactive to the date of the notice of suspension. Superintendent shall be liable only for payment in accordance with the terms of this Contract for services rendered prior to the retroactive date of termination.
- c. Superintendent may immediately terminate this Contract by providing written notice to the Contractor. The termination shall be effective on the date specified in the termination notice. Superintendent shall be liable only for payment in accordance with the terms of this Contract for services rendered prior to the effective date of termination. No penalty shall accrue to Superintendent in the event the termination option in this section is exercised.
- d. For purposes of this section, "written notice" may include email.

**44. Termination Procedure.** Upon termination of this Contract the Superintendent, in addition to other rights provided in this Contract, may require the Contractor to deliver to the Superintendent any property specifically produced or acquired for the performance of such part of this Contract as has been terminated. The provisions of the "Treatment of Assets" clause shall apply in such property transfer.

The Superintendent shall pay to the Contractor the agreed upon price, if separately stated, for completed work and services accepted by the Superintendent and the amount agreed upon by the Contractor and the Superintendent for (a) completed work and services for which no separate price is stated, (b) partially completed work and services, (c) other property or services which are accepted by the Superintendent, and (d) the protection and preservation of the property, unless the termination is for default, in which case the Superintendent shall determine the extent of the liability. Failure to agree with such determination shall be a dispute within the meaning of the "Disputes" clause for this Contract. The Superintendent may withhold from any amounts due to the Contractor such sum as the Superintendent determines to be necessary to protect the Superintendent against potential loss or liability.

The rights and remedies of the Superintendent provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law under this Contract.

**OSPI AMERICANS WITH DISABILITIES ACT COMPLIANCE: GRAPHICS AND COLORS**

# OSPI Americans with Disabilities Act (ADA) Compliance: Graphics & Colors

Because of their disability, many people with low vision do not see webpages the same as others. Some see only small portions of a computer display at one time. Others cannot see text or images that are too small. Still others can only see website content if it appears in specific colors.

For these reasons, many people with low vision use specific color and font settings when they access the Internet – settings that are often very different from those most people use.

For example, many people with low vision need to use high contrast settings, such as bold white or yellow letters on a black background. Others need just the opposite – bold black text on a white or yellow background. And, many must use softer, more subtle color combinations.

## Tips for Graphic Creation that is Accessible

- Provide good contrast. Be especially careful with light shades of gray, orange, and yellow.
- Use True Text whenever possible. You can see True Text (TT) next to the font selection in most programs.
- Avoid all caps. All caps can be difficult to read and can be read incorrectly by screen readers.
- Use adequate font size. Font size can vary based on font chosen, but 10 point is usually the minimum.
- Make sure links are recognizable. Differentiate links in the body of the page with underline or bold. Links should clearly tell the user where the link will take them (no "click here" links).
- Don't convey content with color alone. Users

often can't distinguish or may override page colors.
