Planned Adjustments to 2024-25 State Apportionment Payments

The school year begins in September 2024. From September through December for most programs, payments will be based on Form F-203 data. Exceptions to this are Accounts 4126, 4156, and 4159 State Institutions, 4155 Learning Assistance Program, 4165 Transitional Bilingual, 4174 Highly Capable, and Account 4199 Transportation Operations. Payments for Accounts 4126, 4156, and 4159 will be based on OSPI allocations. Payments for Accounts 4155, 4165, and 4174 will begin once iGrant packages are approved.

Account 4199 will be the prior year allocation, adjusted for the increase in appropriation. The F-203 data will be adjusted during the year as the actual data become available. The schedule below displays the planned dates of these adjustments. In addition to the planned adjustments, districts may request an adjustment by writing to School Apportionment and Financial Services, stating the revised allocation factors and the reason for the revision.
