LAW AND PROVISIONS

Legislative Milestones for Educational Stability of Students in Foster Care

Fostering Connections to Success and Increasing Adoptions Act - 2008

Fostering Connections Act requires providing **educational stability**

- State agencies are required to **consider school issues** (proximity to child's current school, fit with educational setting, etc.) when making **placement decisions**. Officials must keep children in their current school if it is in their **best interests**. States can now claim partial federal reimbursement for the cost of **transporting** children to their original school.
- If a child has to change schools, the state must ensure **immediate enrollment** in a new school and **transfer of the child's records**. Unless medically incapable, every school-aged child receiving federal foster care, guardianship, or adoption payments **must be enrolled full time** in an elementary or secondary school **or have completed secondary school**.

Uninterrupted Scholars Act - 2013

- Educational agencies and institutions are permitted to **disclose personally identifiable information (PII) from the education records of students in foster care placement**, without parental consent, **to an agency caseworker or other representative of a State or local child welfare agency (CWA) or tribal organization authorized to access a student's case plan "when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student."**

Every Student Succeeds Act (ESSA) - 2015

This is federal education law, and all schools must follow these provisions. Washington State has codified these all into state law as well.

Every school district is required to designate a Foster Care Liaison.

Students remain in school of origin unless there is a determination that it is not in their best interest.

Students in foster care are entitled to immediate enrollment, even without documents normally required.

Schools/OSPI must collaborate with Child Welfare Agencies.

Every Student Succeeds Act (ESSA) - 2015

Every school district is required to designate a Foster Care Liaison.

Foster Care Building Points of Contact

Each school is required to designate a foster care building point of contact who knows which students are in foster care and what rights those students have under the law.

Every Student Succeeds Act (ESSA) - 2015

Students remain in school of origin unless there is a determination that it is NOT in their best interest.

School of Origin

School in which child is enrolled at time of placement change

Child must remain in school of origin until a determination is made

Includes LEA preschool and designated feeder schools

Best Interest Determinations

- Best interest determination meetings **should be made as quickly as possible** in order to prevent educational discontinuity for the student
- Every effort should be made to **gather meaningful input** from relevant and appropriate persons
- Student-centered factors must be used to determine what is in a student's best interest
 - *Age*
 - *Length of placement*
 - *Special needs*
 - *Timing in school year*
 - *Grade level*
 - *Existing connection*
- **The student must remain in his or her school of origin** while a best interest determination is made

Every Student Succeeds Act (ESSA) - 2015

Students in foster care are entitled to **immediate enrollment**, even without documents normally required.

Immediate Enrollment

Immediate enrollment means that a child should be enrolled in, and attending, a new school as soon as possible.

- Appropriate classroom placement
- Transportation, if required

Enrollment must not be denied or delayed because documents normally required for enrollment have not been provided

- Including Medical Records such as immunization or medical conditions

Every Student Succeeds Act (ESSA) - 2015

Schools/OSPI must collaborate with Child Welfare Agencies.

Why Does School Matter?

- Research shows that every time a student changes schools, they lose between 4-6 months of academic progress. They quickly fall behind their peers.
- A positive, stable school experience provides structure and nurtures an environment where students can learn and grow.
- With fewer school disruptions, youth:
 - are provided with a familiar setting for learning
 - remain connected to school peers and supports
 - are more likely to access appropriate coursework and remain on a path to achieve college and career readiness
 - have educators and school staff who know their strengths and where they may need a little extra help

Transportation

- When a BIDM indicates that it is in a student in foster care's best interest to remain at his/her SOO, the student is entitled to transportation to the SOO.
- A student in foster care is entitled to transportation to his/her SOO for the duration of his/her time in foster care
- If it is determined at the BIDM that a student should be transported, the Department of Children, Youth, and Families (DCYF) will cover 50% of all excess costs related to transporting students in foster care to and from home and school. This means that districts can split costs with DCYF.
