

2022-2023 CSHE Reporting Survey

Greeting & Instructions

Welcome to the **Comprehensive Sexual Health Education (CSHE) Reporting Survey** for the 2022-2023 school year! Before proceeding, please review the following paragraphs.

PURPOSE - The purpose of this survey is twofold:

- This survey fulfills a legislative mandate as stated in RCW 28A.300.475 (Comprehensive Sexual Health Education, or CSHE). This RCW requires every Washington public school district to annually report information about their implementation of CSHE to the Office of Superintendent of Public Instruction (OSPI). In turn, OSPI is required to report this information to the Legislature.
- This survey will help OSPI to better understand CSHE implementation across the state, in order to tailor our resources, professional development, and technical assistance.

WHAT TO EXPECT - The OSPI team has substantially modified the CSHE Reporting Survey to make it shorter than those administered in previous years. This year's survey asks a total of 23 questions, although most participants will only see a subset of questions. It should take no longer than 15 minutes to complete. In it, you will encounter questions about your district's implementation of Social Emotional Learning (SEL) and Comprehensive Sexual Health Education (CSHE). Specifically, you will be asked about the instructional materials you used and how you delivered instruction. At the end of the survey, you will be asked for your contact information.

INSTRUCTIONS - **Because this survey asks about district-wide implementation, it is important that someone familiar with your entire**

district's implementation of SEL/CSHE complete the survey. In many cases, this will your district's health education coordinator, curriculum director, or learning and teaching director. We have made a PDF version of the survey available to allow respondents to prepare their responses before submission. Before completing the survey, we recommend that you gather all information you will need. You may also want to review relevant legislation and learning standards, which are available on the CSHE Implementation website.

In the event that questions or concerns arise during completion of the survey, feel free to contact laurie.dils@k12.wa.us.

CSHE Follow-Up

Page entry logic:

This page will show when: (Question "None of the above. Our district used **a different, commercially available curriculum** with this grade band." OR Question "None of the above. Our district **designed its own curriculum** to use with this grade band.")

According to your previous survey responses, your district designed its own **Comprehensive Sexual Health Education (CSHE)** curriculum and/or utilized a curriculum that has yet to be formally reviewed by OSPI. The next few questions will help us learn a bit more about how students received CSHE instruction.

15. How did your district determine that its **Comprehensive Sexual Health Education (CSHE)** instruction was consistent with Health Education K-12 Learning Standards?

- We aligned or mapped our instructional materials and/or plan to the Standards.
- Other - Write In
- I don't know.
- We have not yet determined that our instructional plan is consistent with Standards.

LOGIC Show/hide trigger exists.

16. How did your district determine its **Comprehensive Sexual Health Education (CSHE)** instructional materials were medically and scientifically accurate?

("Medically and scientifically accurate," according to RCW 28A.300.475, means information that is verified or supported by research in compliance with scientific methods, is published in peer-reviewed journals, where appropriate, and is recognized as accurate and objective by professional organizations and agencies with expertise in the field of sexual health including but not limited to the American College of Obstetricians and Gynecologists, the Washington State Department of Health, and the federal Centers for Disease Control and Prevention.)

- We conducted a medical accuracy review in the district.
- We had an outside entity review the materials.
- We have not yet determined that the materials are medically/scientifically accurate.
- I don't know.
