

Standard 1 – Self-Awareness: Individual has the ability to identify their emotions, personal assets, areas for growth, and potential external resources and supports.

Benchmark 1A: Demonstrates awareness and understanding of one's own emotions and emotions' influence on behavior.

- While using self-reflection to determine if emotions and feelings are proportional to the situation, <u>recognize how emotions and feelings influence personal financial decisions.</u>
- While identifying the relationship between emotions and problem-solving skills, <u>apply</u> <u>systematic decision-making to spending and saving situations.</u>
- While examining possible outcomes associated with different ways of communicating emotions and feelings, include communication about positive and negative financial issues.
- While adjusting thoughts to reflect a growth mindset, <u>include education</u>, <u>career</u>, <u>and personal</u> <u>finance contexts</u>.

Spending & Saving, Employment & Income, Financial Decision-Making

Benchmark 1B: Demonstrate awareness of personal and collective identity encompassing strengths, areas for growth, aspirations, and cultural and linguistic assets.

- While reflecting on how the challenges I face and attitudes I hold impact my ability to achieve, consider how these challenges and attitudes also affect financial decisions and goals.
- While identifying personal strengths and assets, <u>make connections with potential career</u> choices.
- While recognizing the values that are part of my own culture, encourage acceptance and discussion of multiple financial situations and priorities.

Spending & Saving, Employment & Income

Standard 1 - Self-Awareness, continued:

Benchmark 1C: Demonstrates self-awareness and understanding of external influences, e.g., culture, family, school, and community resources and supports.

- While reflecting on unanticipated outcomes and adapting strategies to meet goals, <u>include</u> <u>education</u>, <u>career</u>, <u>and personal financial contexts</u>.
- While identifying safe school and community resources, <u>understand the concept of risk and how it can be personal or financial.</u>
- While reach out for assistance that meets my needs, <u>identify how risks can be minimized or avoided</u>.

Risk Management & Insurance, Financial Decision-Making

Standard 2 - Self-Management: Individuals can regulate emotions, thoughts, and behaviors.

Benchmark 2A: Demonstrates the skills to manage one's emotions, thoughts, impulses, and stress in constructive ways.

- While stopping to think about consequences before acting when strong feelings and emotions are triggered, analyze <u>how external factors</u>, <u>such as marketing and advertising</u> <u>techniques</u>, <u>might influence spending decisions for different individuals</u>, and <u>how influences</u> <u>such as current fashion trends</u>, <u>peer pressure</u>, <u>and procrastination can affect financial</u> decisions.
- While reflecting on the effectiveness of strategies used to manage emotions, thoughts, impulses, transitions, and stress, <u>identify the relationship between spending practices and achieving financial goals.</u>
- While self-regulating behavior in response to rules, give examples of how decisions made today can affect future opportunities.

Spending & Saving, Financial Decision-Making

Benchmark 2B: Demonstrates responsible decision-making and problem-solving skills.

- While drawing on multiple views to inform decision-making and problem-solving approaches, compare the total cost of repaying a loan under various rates of interest and over different periods.
- While evaluating solutions in relation to resources, situations, and personal values, assess whether a specific purchase justifies the use of credit.

Credit & Debt

Standard 3 – Self-Efficacy: Individuals can motivate themselves, persevere, and see themselves as capable.

Benchmark 3A: Demonstrates the skills to set, monitor, adapt, persevere, achieve, and evaluate goals.

- While identifying goal outcomes that match personal values, <u>determine a personal definition</u> of wealth.
- While identifying, planning steps, and garnering the resources needed to accomplish a task, evaluate the opportunity costs of post-secondary education within career goals.
- While applying strategies that will help achieve goals, <u>assess how spending priorities reflect</u> goals and personal values.
- While prioritizing goals for growth and development, <u>select appropriate investments for accumulating money for a major financial goal.</u>

Spending & Saving, Employment & Income, Investing

Benchmark 3B: Demonstrates problem-solving skills to engage responsibly in a variety of situations.

- While explaining personal responsibility for outcomes that arise from personal behaviors, explain the use of liability insurance to cover accidental bodily harm or damage to another person's property.
- While identifying how taking personal responsibility and developing cultural humility helps mold a better friend, family member, and community member, <u>analyze how discussing</u> <u>financial matters could help reduce conflict.</u>
- While using a range of culturally responsive strategies and resources to solve problems, give examples of how to reduce spending to meet a budget.

Risk Management & Insurance, Financial Decision-Making

Standard 3 - Self-Efficacy, continued:

Benchmark 3C: Demonstrate awareness and ability to speak on behalf of personal rights and advocacy.

- While identifying specific personal rights, and understanding the ability to personally advocate, <u>analyze money-handling decisions that young adults commonly face.</u>
- While demonstrating the ability to engage in a positive approach when faced conflict, <u>devise</u>
 <u>a sample peer/family agreement that establishes the terms of use of a personal item or resource.</u>
- While demonstrating the actions and behaviors of a caring relationship, <u>analyze how</u> <u>discussing financial matters could help reduce conflict.</u>
- While demonstrating the ability to present and support a personal point of view in a positive, culturally responsive, and constructive manner, <u>make connections to expressing personal financial values and goals.</u>

Financial Decision-Making

Standard 4 – Social Awareness: Individuals can take the perspective of and empathize with others from diverse backgrounds and cultures.

Benchmark 4A: Demonstrates awareness of other people's emotions, perspectives, cultures, languages, histories, identities, and abilities.

- While differentiating between the factual and emotional content of communication, <u>explore</u> how discussing financial matters could help reduce conflict.
- While identifying possible reasons for peer responses to situations and practicing perspective taking, <u>make connections to how influences such as trends and peer pressure can affect</u> <u>financial decisions.</u>

Financial Decision-Making

Benchmark 4B: Demonstrates an awareness and respect for similarities and differences among community, cultural, and social groups.

- While adapting clear strategies for accepting, respecting, and supporting similarities and differences, include differences in peers' personal values and attitudes about money.
- While exploring ways to use culturally specific practices to enrich an understanding of the world, explore how local government services and/or community resources assist people, such as those who are unemployed, elderly, disabled, or low-income.
- While identifying how communication and cultural variables can influence understanding or misunderstanding, make connections to future workplace communication and culture.

Employment & Income, Financial Decision-Making

Standard 4 - Social Awareness, continued:

Benchmark 4C: Demonstrates an understanding of the variation within and across cultures.

- While recognizing and validating that other people have different customs, <u>identify</u>, <u>summarize</u>, and <u>assess differences in peers' personal values and attitudes about money</u>.
- While applying strategies to examine biases and the positions of others, <u>determine whether</u> <u>information sources are accurate and reliable when comparing products and services.</u>

Spending & Saving, Financial Decision-Making

Standard 5 – Social Management: Individuals can motivate themselves, persevere, and see themselves as capable.

Benchmark 5A: Demonstrates a range of communication and social skills to interact effectively with others.

- While practicing active and reflective listening skills to better understand the thoughts and ideas of others, match personal skills to various career options.
- While demonstrating respectful behavior and consideration of others, <u>make connections to</u> <u>money-handling decisions that young adults commonly face.</u>

Employment & Income, Financial Decision-Making

Benchmark 5B: Demonstrates the ability to identify and take steps to resolve interpersonal conflicts in constructive ways.

- While identifying resources and positive supports that enhance abilities to resolve conflicts, give examples of how people manage the risk of financial loss through insurance.
- While taking the initiative to repair interactions that have not gone well, give examples of how decisions made today can affect future opportunities.
- While listening and responding calmly and constructively while resolving a conflict, demonstrate how to negotiate a fee for services such as babysitting or lawn care.

Employment & Income, Risk Management & Insurance, Financial Decision-Making

Standard 5 - Social Management, continued:

Benchmark 5C: Demonstrates the ability to engage in respectful and healthy relationships with individuals with diverse perspectives, cultures, languages, histories, identities, and abilities.

- While distinguishing between healthy and risky relationships, and identifying strategies for resisting negative peer pressure, <u>make connections to money-handling decisions that young</u> <u>adults commonly face.</u>
- While practicing strategies for engaging in, building, and maintaining relationships with people whose backgrounds and identities are different, <u>recognize differences in peers'</u> <u>personal values and attitudes about money.</u>
- While nurturing constructive relationships, <u>identify individuals who could provide positive job</u> references.

Employment & Income, Financial Decision-Making

Standard 6 – Social Engagement: Individuals can motivate themselves, persevere, and see themselves as capable.

Benchmark 6A: Demonstrates a sense of school and community responsibility.

 While generating ideas that will enhance or improve how the school and community function, consider the role of giving in a personal budget.

Spending & Saving

Benchmark 6B: Demonstrates the ability to work with others to set, monitor, adapt, achieve, and evaluate goals.

- While exploring how similarities and differences in backgrounds can influence group dynamics and working together, <u>make connections between personal skills and various career options.</u>
- While participating in group activities with a variety of social groups both in and out of school, categorize the types of rights and responsibilities typically found in school handbooks.

Employment & Income

Benchmark 6C: Contributes productively to one's school, workplace, and community.

- While participating in addressing the needs and enhancements of school and community, explore how local government services assist people.
- While recognizing interactions that represent the responsibilities of youth within school and community, <u>demonstrate how to negotiate a fee for services such as babysitting or lawn care.</u>
- While understanding the role that social media plays in communications and making healthy
 decisions about what is communicated on social media, <u>recommend ways to use social</u>
 <u>media safely.</u>
