Washington State's Long-Term Goals and Interim Target

Introduction:

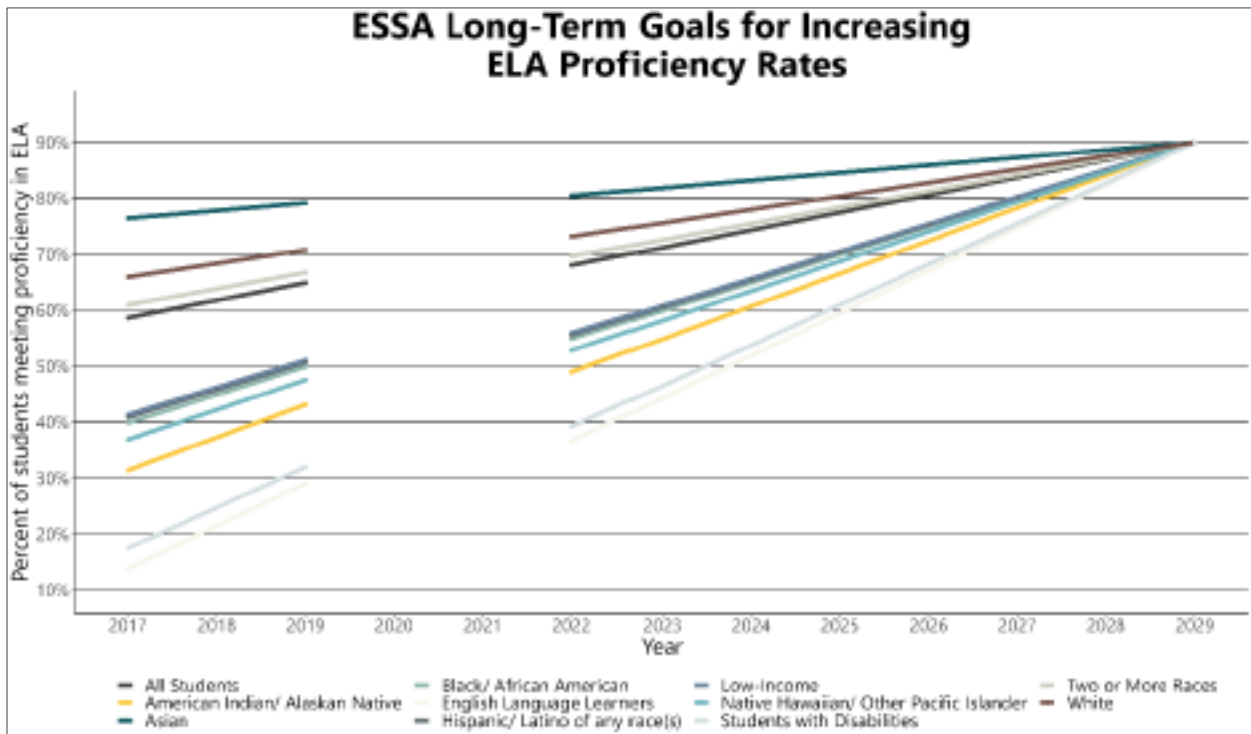

As part of the [Washington State Every Student Succeeds Act Consolidated Plan](#), the Office of Superintendent of Public Instruction set long-term goals in mathematics, English language arts, 4-, 5-, 6-, and 7-year adjusted cohort graduation rates, and progress in achieving English language proficiency. The charts and tables below establish the long term goals to be achieved by the end of school year 2028-2029. The line graphs include lines for all student groups included in the accountability system and the slope of each line indicates the interim progress for each group in meeting the goal.
