

# Financial Education GRANT Opportunity!

All Washington State school districts are eligible. Grants are funded through the Washington State Legislature and administered by the Financial Education Public-Private Partnership.

Financial education is vital for navigating today's complex economic landscape, and we have the opportunity to empower teachers' and students' futures.

## THE GRANT

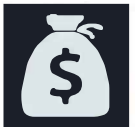

Form Package 672 Financial Literacy Professional Development

The goal of the grant is to support school districts increasing financial education and sustaining its impact. Grant activities may include integrating financial education into courses and classrooms; teacher professional development in financial education, and developing community engagement opportunities. Grant applications are available through EGMS.
