

Sole Source Notification

NAKIA Academy

It is the intent of Washington State to promote open competition and transparency for all contracts for goods and services. In accordance with Department of Enterprise Service (DES) policy #DES-140-00, all intended sole source contracts must be made available for public inspection for a period of not less than fifteen (15) working days before the start date of the contract. This Sole Source Notification satisfies the requirement.

*This Sole Source Notification is available at the [Office of Superintendent of Public Instruction \(OSPI\) website](#) and at the Department of Enterprise Services, [Washington Electronic Business Solution \(WEBS\) Procurement website](#) under the following commodity codes: **918-38**: Education and Training Consulting; **924-77**: Teacher Certification Services; and **958-77**: Project Management Services.*

The Office of Superintendent of Public Instruction (OSPI) intends to award a \$79,200 Sole Source contract to the Washington Education Association for the period of August 2024, through March 31, 2025.

The purpose of this contract is to provide mentor and leadership development for educators of color. The Contractor will create a Black, Indigenous, People of Color (BIPOC) Mentor Cohort (known as the NAKIA Academy) to be led by Beginning Educator Support Team (BEST) Mentor Faculty who identify as BIPOC.

Specifically, WEA will recruit, select, and compensate up to 120 BIPOC participants to participate in BEST's specialized Mentor Academy 101 cohort collaboration, which will consist of 4-8 scheduled sessions. Additionally, WEA will engage in on-going collaboration with BEST Program Staff around communication with participants and training dates.

Consultants contemplating the above requirements shall submit capability statements detailing their ability to meet the state's requirements **no later than 3:00 pm on August 22, 2024**.

Capability statements must address the following state requirements:

- Knowledge of Beginning Educator Support in Washington state
- Statewide reach within the education community
- Ability to recruit, select, and compensate up to 86 Black, Indigenous, People of Color to serve in a Mentor Cohort

In the absence of other qualified sources, and pending approval by the Department of Enterprise Services, it is OSPI's intent to make a sole source award of the contract mentioned above to the Washington Education Association.

Although this Sole Source Notification is not an invitation to bid, if you feel your firm is able to provide the goods or services listed above, you may submit a capability statement to:

Specific Problem or Need

- *What is the business need or problem that requires this contract?*
This project works toward the goal established by the RCW governing BEST (RCW 28A.415.265) "to provide program participants from underrepresented populations with a mentor who has strong ties to underrepresented populations." Developing teacher leadership and mentors of color provides already-trained mentors for districts seeking to diversify their mentor cadres. Capacity in the Spring 2021 pilot project allowed for 70 participants divided into two cohorts, leaving 50 people on the waiting list. Capacity in the Spring 2022 project allowed for 90 participants, and 80 in 2023. Grantees are requesting additional opportunities to help grow their mentor cadres. The project also gives districts an opportunity to nurture the professional growth of teachers of color currently in their system, which contributes to teacher retention. Additionally, it helps BEST diversify its Mentor Faculty.

Sole Source Criteria

- *Describe the unique features, qualifications, abilities or expertise of the contractor proposed for this sole source contract.*
BEST's partner at WEA supports WEA members of color as well as early career educators and is well-positioned to recruit participants from across the state, engage emerging leaders of color who may not be identified by districts for this work, and align mentor development with existing efforts at the WEA. WEA has access to nearly every school district across the state in a manner that reaches beyond the usual networks tapped by agency and district leaders. OSPI and WEA partnered in this work under contract in 2020-21, 2021-22, 2022-23, and 2023-24. Efforts were so successful in previous cohorts, that

more than 50 people have been waitlisted for future opportunities, and are still requesting additional opportunities to help grow their mentor cadres.

- *What kind of market research did the agency conduct to conclude that alternative sources were inappropriate or unavailable? Provide a narrative description of the agency's due diligence in determining the basis for the sole source contract, including methods used by the agency to conduct a review of available sources such as researching trade publications, industry newsletters and the internet; contacting similar service providers; and reviewing statewide pricing trends and/or agreements.*

OSPI's current staffing limitations have a direct correlation to our access to educators. BEST's three staff coordinate approximately 30 contractors, training for 2,000 mentors per year, and support for 190+ districts through grants. BEST is poised to facilitate training but needs a partner to support the logistical component of compensating participants. If this function were housed within OSPI, it would require approximately 120 individual contracts, which would stretch our already thin capacity. Instead, OSPI intends to utilize its existing relationship, and proven success of four previous NAKIA Academies by using WEA to will advertise in multiple ways, including to local education associations, and to draw on existing work and networks with early career educators to recruit participants.

OSPI has determined WEA is the most appropriate entity to provide these services because they are a continuation of the program OSPI and WEA partnered on under previous Sole Source contracts in 2020-21, 2021-22, 2022-23, and 2023-24. Individuals are requesting additional opportunities to help grow their mentor cadres.

- *As part of the market research, include a list of statewide contracts review and/or businesses contacted, date of contact, method of contact (telephone, mail, e-mail, other), and documentation demonstrating an explanation of why those businesses could not or would not, under any circumstances, perform the contract; or an explanation of why the agency has determined that no businesses other than the prospective contractor can perform the contract.*

There are no statewide contracts that would meet the outlined requirements. The agency has determined that WEA has access to nearly every school district across the state in a manner that reaches beyond the usual networks tapped by agency and district leaders.

- *Per the Supplier Diversity Policy, DES-090-06: was this purchase included in the agency's forecasted needs report?*

Yes.

- *Describe what targeted industry outreach was completed to locate small and/or veteran-owned businesses to meet the agency's need.*

OSPI consulted with the BEST contractors that facilitate the sessions in partnership with WEA, and it became clear that to maintain the quality of recruitment and engagement

provided by WEA in 2020-21, 2021-22, 2022-23, and 2023-24, WEA is the most appropriate entity to continue the work.

- *What considerations were given to unbundling the goods and/or services in this contract, which would provide opportunities for Washington small, diverse, and/or veteran-owned businesses. Provide a summary of your agency's unbundling analysis for this contract.*

OSPI conducted DES's unbundling analysis, and determined that all categories were unlikely to unbundle.

- *Provide a detailed and compelling description that includes quantification of the costs and risks mitigated by contracting with this contractor (i.e. learning curve, follow-up nature).*

By contracting with WEA, BEST can compensate participants in this third Mentor Cohort without the administrative burden of recruiting, selecting, and compensating up to 120 participants directly. Also, WEA will continue to engage participants after they complete the training by providing networks and opportunities for continued growth and leadership. Finally, this is an opportunity to continue collaboration with the WEA around conditions that support novice educators and diversifying our educator workforce. With the first three cohorts complete, the time and effort to organize and lead the fourth cohort is reduced. Losing this partnership with the WEA or starting anew with a new partner would cost considerable start-up time.

- *Is the agency proposing this sole source contract because of special circumstances such as confidential investigations, copyright restrictions, etc.? If so, please describe.*

No.

- *Is the agency proposing this sole source contract because of unavoidable, critical time delays or issues that prevented the agency from completing this acquisition using a competitive process? If so, please describe. For example, if time constraints are applicable, identify when the agency was on notice of the need for the goods and/or service, the entity that imposed the constraints, explain the authority of that entity to impose them, and provide the timelines within which work must be accomplished.*

No.

- *What are the consequences of not having this sole source filing approved? Describe in detail the impact to the agency and to services it provides if this sole source filing is not approved.*

Without this contract, BEST may fail to make progress on the guidance established by the legislature "to provide program participants (in BEST) from underrepresented populations with a mentor who has strong ties to underrepresented populations." BEST could also lose the opportunity to align mentor training and development to grow mentors of color. The previous three years of successful NAKIA Academy work have proven this cohort model is an effective, valued approach and there is current demand from our constituents to provide it again.

Reasonableness of Cost

- *Since competition was not used as the means for procurement, how did the agency conclude that the costs, fees, or rates negotiated are fair and reasonable? Please make a comparison with comparable contracts, use the results of a market survey, or employ some other appropriate means calculated to make such a determination.*

OSPI determined the cost is fair and reasonable because participant compensation is based on the standard WEA hourly rate of \$35/hour which is less than district per diem.

The proposed contract cost of \$79,200 is higher than last year's contract of \$52,800 because WEA will recruit, select, and compensate up to 120 BIPOC participants to participate in BEST's specialized Mentor Academy 101, whereas last year they recruited, selected, and compensated up to 80 participants.

As alternatives to the above Dispute Board process: (1) if the dispute is between two or more state agencies, any one of the agencies may request intervention by the Governor, as provided by 43.17.330 RCW, in which event the Governor's process shall control; and, (2) if the dispute is between a non-state agency and another state agency or non-state agency party to this Contract, all the disputing parties may mutually agree to mediation prior to submitting the dispute to a Dispute Board in the event the dispute is not resolved pursuant to mediation within an agreed-upon time period.

17. Duplicate Payment. The Superintendent shall not pay the Contractor, if the Contractor has charged or will charge the state of Washington or any other party under any other contract or agreement, for the same services or expenses.

18. Electronic signature. Any signature page delivered via fax machine or electronic image scan, receipt acknowledged in each case, shall be binding to the same extent as an original, wet ink signature page. Any Party who delivers such a signature page agrees to later deliver an original counterpart to any Party which requests it.

19. Entire Agreement. This Contract contains all the terms and conditions agreed upon by the parties. No other understandings, oral or otherwise, regarding the subject matter of this Contract shall be deemed to exist or to bind any of the parties hereto.

20. Ethical Conduct. Neither the Contractor nor any employee or agent of the Contractor shall participate in the performance of any duty or service in whole or part under this Contract in violation of, or in a manner that violates any provision of the Ethics in Public Service law at Chapter 42.52 RCW, RCW 42.17A.550, RCW 42.17A.555, and 41.06.250 prohibiting the use of public resources for political purposes.

Contractor represents and warrants that it complies fully with all applicable procurement ethics restrictions including, but not limited to, restrictions against Contractor providing gifts or anything of economic value, directly or indirectly, to the Superintendent's employees.

21. Governing Law and Venue. This Contract shall be construed and interpreted in accordance with the laws of the State of Washington and the venue of any action brought hereunder shall be in Superior Court for Thurston County.

22. Indemnification. To the fullest extent permitted by law, Contractor shall indemnify, defend and hold harmless the Superintendent and all officials, agents, and employees of the Superintendent, from and against all claims for injuries or death arising out of or resulting from the performance of this Contract. "Claim" as used in this Contract, means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorney's fees, attributable for bodily injury, sickness, disease, or death, or injury to or destruction of tangible property including loss of use resulting therefrom. Additionally, "claims" shall include but not be limited to, assertions that the use or transfer of any software, book, document, report, film, tape or sound reproduction or material of any kind, delivered hereunder, constitutes an infringement of any copyright, patent, trademark, trade name, or otherwise results in an unfair trade practice or in unlawful restraint of competition. Contractor's obligation to indemnify, defend and hold harmless includes any claim by Contractor's agents, employees, representatives, or any subcontractor or its employees.

Contractor expressly agrees to indemnify, defend, and hold harmless the Superintendent for any claim out of or incident to Contractor's or subcontractor's performance or failure to perform the Contract. Contractor's obligation to indemnify, defend, or hold harmless the Superintendent shall not be eliminated or reduced by any actual or alleged concurrent negligence by Superintendent or its agents, employees, or officials.

Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless Superintendent and its agents, employees, or officials.

23. Independent Capacity of the Contractor. The parties intend that an independent Contractor relationship will be created by this Contract. The Contractor and his/her employees or agents performing under this Contract are not employees or agents of the Superintendent. The Contractor will not hold himself/herself out as nor claim to be an officer or employee of the

Superintendent or of the state of Washington by reason hereof, nor will the Contractor make any claim or right, privilege, or benefit which would accrue to such employee under law. Conduct and control of the work will be solely with the Contractor.

24. Insurance.

- a. **Worker's Compensation Coverage.** The Contractor shall at all times comply with all applicable worker's compensation, occupational disease, and occupational health and safety laws, statutes, and regulations to the fullest extent applicable. This requirement includes the purchase of industrial insurance coverage for the Contractor's employees, as may now hereafter be required of an "employer" as defined in Title 51 RCW. Such worker's compensation and occupational disease requirements shall include coverage for all employees of the Contractor, and for all employees of any subcontract retained by the Contractor, suffering bodily injury (including death) by accident or disease, which arises out of or in connection with the performance of this Contract. Satisfaction of these requirements shall include, but shall not be limited to:

- 1) Full participation in any required governmental occupational injury and/or disease insurance program, to the extent participation in such a program is mandatory in any jurisdiction;
- 2) Purchase worker's compensation and occupational disease insurance benefits to employees in full compliance with all applicable laws, statutes, and regulations, but only to the extent such coverage is not provided under mandatory governmental program in "a" above, and/or;
- 3) Maintenance of a legally permitted and governmentally approved program of self-insurance for worker's compensation and occupational disease.

Except to the extent prohibited by law, the program of the Contractor's compliance with worker's compensation and occupational disease laws, statutes, and regulations in 1), 2), and 3) above shall provide for a full waiver of rights of subrogation against the Superintendent, its directors, officers, and employees.

If the Contractor, or any subcontractor retained by the Contractor, fails to effect and maintain a program of compliance with applicable worker's compensation and occupational disease laws, statutes, and regulations and the Superintendent incurs fines or is required by law to provide benefits to such employees, to obtain coverage for such employees, the Contractor will indemnify the Superintendent for such fines, payment of benefits to Contractor or subcontractor employees or their heirs or legal representatives, and/or the cost of effecting coverage on behalf of such employees. Any amount owed the Superintendent by the Contractor pursuant to the indemnity may be deducted from any payments owed by the Superintendent to the Contractor for the performance of this Contract.

- b. **Proof of Insurance.** Certificates and or evidence satisfactory to the Superintendent confirming the existence, terms and conditions of all insurance required above shall be delivered to the Superintendent within five (5) days of the Contractor's receipt of Authorization to Proceed.

This clause does not include contracts of employment between the Contractor and personnel assigned to work under this Contract.

If, at any time during the progress of the work, the Superintendent determines in its sole judgment that any subcontractor is incompetent, the Superintendent shall notify the Contractor, and the Contractor shall take immediate steps to terminate the subcontractor's involvement in the work. The rejection or approval by the Superintendent of any subcontractor
