View	History	Program Year	Revision Count	Status	Total Amount
			0		\$420,996.88
			0		\$284,704.98

3. Enter revenues and expenditures for the reporting period. Example: If you are submitting your report for the 2024-25 School Year you would enter information from July 1, 2023, to June 30, 2024.
 - Calculate revenues for reimbursement by adding all reimbursements received during the reporting period.
 - Document reimbursements in the "Federal Subsidies" row.
 - Revenues must cover all expenditures. If revenue does not cover costs, then an entry will need to be added under "General Fund Contributions" to offset those costs.
4. Once you finish entering numbers into the report, select the "Save and Submit to OSPI" button at the bottom of the screen.
