### Overview

Red Comet offers a complete online solution featuring common core and state standards-aligned curriculum offered on a comprehensive learning management platform. Our teachers are highly-qualified and Washington-certified and are based in WA State. Red Comet provides additional support for Spanish-speaking students whereby students can request a complete translation of course in Spanish. With the click of a button, our website content changes into Spanish. All students have access to teachers via phone, email, discussion board or online sessions. Red Comet also offers flexible enrollment, self-paced study and login for school administrators to log into the Red Comet platform to monitor student progress.

### Student-Teacher Contact Requirements

Red Comet online teachers are available to students throughout the course. Our online teachers usually respond to emails within two school days, and grade and return assignments with feedback within three school days. ALE students also receive regular assignments and reminders from their online teacher via email / discussion board. Students have the option to communicate with their teachers using email, phone, and discussion board or via online sessions.

For non-ALE students, Red Comet teachers will not initiate contact unless a student requests it.

All ALE students must mandatorily keep in touch with our teachers on a weekly basis. Mostly, they do this by responding to the weekly assignment that the teacher assigns the student. If a student does not make contact for a week, then the Red Comet Student Services staff will follow-up with the student.
