

How to Access the Educator Equity Data Collection (EEDC) Application

Users with an Education Data System (EDS) account and the Teacher Data Quality Collection User role:

1. Log into the [Education Data System \(EDS\)](#).
2. Click on the **My Applications tab** then the **Educator Equity Data Collection application** from your application list.

My Application List

You have access to the applications listed below. Click on the application you want to access.

If you need access to more applications, please contact your [District Security Manager](#).

Application
Educator Equity Data Collection

Troubleshooting:

If you have an EDS login, but do not see the Educator Equity Data Collection application in your list of applications:

- You will need to contact your District Data Security Manager DDSM.
- Find your DDSM, on the [Security Manager List](#) (you can also find this within EDS; click on the **Home tab** then the **View Security Managers** link.)
- Click on the letter that corresponds with your district name, then navigate to your district to identify your DDSM.
- When you contact your DDSM, **ask for the Teacher Quality Data Collection User role**.
- After your DDSM has updated your access use the instructions above.

If you do not have an EDS account:

- Create an EDS account by accessing the **Create an Account tab** at the [EDS sign-in screen](#).

Sign In **Create an Account**

EDS Create an Account

Enter desired username and password in the boxes below. Username must be a valid email address. Passwords must be at least **8 characters long**, contain at least: one uppercase letter, one lowercase letter, one number, and one symbol.

Optional demographic information can be entered below for the purpose of linking a new account to an existing teacher certificate.
