Purpose of the proposal and its anticipated effects, including any changes in existing rules: OSPI is proposing rulemaking in the area of student discipline to include changes made in the emergency rules and any other sections that need to be clarified or updated to ensure definitions and requirements relevant to student discipline are in alignment with current law. Revisions are intended to ensure required data and reporting requirements are manageable for each level of the system (i.e., classroom, school, district, state, etc.) and discipline guidance is consistent with professional standards for maintaining safe, optimal learning environments for all students that further OSPI's commitment to reducing disproportionate exclusionary practices.

Reasons supporting proposal: The proposed revisions to the student discipline rules clarify the standards and procedures that educators must follow in order to ensure that all students have an optimal learning environment. Updated statutory definitions of discipline were included to be in alignment with current law. Also, in order to comply with legislative mandates under RCW 28A.600.495, OSPI is replacing the prejudicial term "emergency expulsion" with the term "emergency removal" in the context of student discipline. Additionally, requirements for reporting and notification when school exclusions occur were included in the revisions.

Statutory authority for adoption: RCW 28A.300.046; RCW 28A.600.010; RCW 28A.600.015; RCW 28A.600.020
