

WASHINGTON STATE  
**ETV** Education and Training Voucher Program

## HOW do I access my ETV funds?

Once you are awarded ETV, information will be emailed to you about how to access funds.

Unlike other forms of financial aid, ETV does **NOT** automatically go to your college or university. You will receive funds directly either by check or direct deposit.

All students must complete and submit a **Statewide Payee Registration form**. For more information about this process, contact the ETV Program.

### Information for Students

## WHAT is the ETV program?

The Education and Training Voucher (ETV) program provides financial assistance for eligible youth to attend an accredited college, university, vocational, or technical college.

ETV awards are unique to each student and are based on the college or university's Cost of Attendance (COA) formula, financial aid award, and the student's unmet need.

**The maximum ETV award per academic year is \$5,000.**

However, not every student is eligible to receive the maximum amount. Awards are based on the student's unmet need which is determined by their college or university.

## HOW do I know if I'm eligible?

You may be eligible to apply to the ETV program if you meet any **one** of the following:
