Purpose of the proposal and its anticipated effects, including any changes in existing rules: OSPI is proposing rulemaking concerning the Seal of Biliteracy (the Seal) to align with HB 1228 (2024), recognize additional proficiency scales, and create multiple levels of the Seal. This would put Washington state on par with other states, which have multi-tiered Seal programs. Currently, the proficiency level to earn the Seal is ACTFL Intermediate Mid. With Dual Language Education programs producing students with higher levels of proficiency, a multi-level Seal would motivate students to continue language learning beyond Intermediate Mid. A multi-tiered Seal would also encourage students to take additional languages after the requirements for the first language are met.

Reasons supporting proposal: In addition to ensuring that the Seal of Biliteracy rules align with HB 1228 (2024), the proposed changes are intended to ensure that students have access to higher levels of language learning through a multi-level Seal of Biliteracy program. While other states offer multi-level Seal programs, Washington state currently does not. Establishing multiple and higher levels of the Seal would allow Washington state to have language programs that are competitive with those of other states.

(3) Small business economic impact statement: *Complete this section if any portion is not exempt.*

If any portion of the proposed rule is **not exempt**, does it impose more-than-minor costs (as defined by RCW 19.85.020(2)) on businesses?

- No Briefly summarize the agency's minor cost analysis and how the agency determined the proposed rule did not impose more-than-minor costs. _____
- Yes Calculations show the rule proposal likely imposes more-than-minor cost to businesses and a small business economic impact statement is required. Insert the required small business economic impact statement here:
