

Blending and Braiding Funds for Early Learning/TK Programs Webinar Q & A

Question	Answer
Can Title II be used for job-imbedded coaching?	Yes, Title IIA funds may be used for job-embedded coaching for teachers. This would be a great time to make those decisions so it can be added to the consolidated grant application for SY25-26.
Can Title II be used for job-imbedded coaching?	You have a few choices. If the position is a full-time coach, salaries/benefits may be funded by Title II A. If the coaching is after the contracted day, then extra hours for the coach and the coachee may be funded.
ECEAP Performance Standard PAO-38 (item 4, pg 42) states that "children served by school district special education or ECLIPSE may be simultaneously enrolled in PreK ECEAP." Can Title funds be used in a blended preK classroom that serves children in developmental preschool, ECEAP, TK, and Title I with an allocation plan?	Yes, placing ECEAP, Head Start and district students in the same early learning classroom is allowable and encouraged, however, ECEAP and Head Start funding may only be braided, not blended with other state/federal funds.
Can 21st Century Community Learning Centers Funding be used for summer programming?	A summer program is required for 21st CCLC. We do not offer a summer only program. It's school year and summer.
Are there sample procedures that we can reference as we work to better document our controls over federal spending?	No sample procedures, please reach out directly to Amy Harris: amy.harris@k12.wa.us
