Break 10:30 am – 10:45			
September follow-up	Amy Ingram wanted to provide additional information on the topic of the name TBIP. Amy was part of the original taskforce. It is not just a legislative change, but would have an impact on several aspects within OSPI. Amy states that it may be a big ask during this time of funding crisis. Agrees that a name change is need so that the title is more asset based.		
Continue work on Priority Actions	<p>Continue work that groups had started before the break.</p> <p>Group Share out:</p> <p>Group 1: Theme: Seal of Biliteracy – how to showcase work being done throughout the state. How to encourage districts and families to pursue Seal of Biliteracy.</p> <p>Support for educators – idea of ELD as a core principle. What does this look like in an inclusive setting? What does strong support for educators look like? What does strong multilingual practices look like?</p> <p>Role of teacher evaluation and expectations in the Strategic Plan.</p> <p>Teacher candidates: West E – this should not function as a gatekeeper to candidates getting</p>		

	<p>their endorsement. Some teacher candidates struggle to pass this assessment.</p> <p>Group 2: MEAC members visiting other meetings being held at ESD to share information about the strategic plan. Provide examples of district plans. School improvement plan template – is this a place to connect the strategic plan? Lighthouse Model – look for successful programming to highlight. Look at district data: how many endorsed teachers? Is there a correlation between the success of students and number of endorsed teachers?</p> <p>Group 3: Group had lots of ideas. Look at blue notes on jotboard.</p> <p>Group 4: Data Dashboard – track ML data across the state. Improvement science implementation plans – MEAC create an implementation plan. Future session with a menu of task. Creating criteria for Lighthouse Schools/districts. How to get feedback from districts on the plan? How to be part of advocacy work for funding around the plan?</p> <p>Group 5: Accountability – looking at subgroups. Role of district in leadership oversight. Leadership programs do not include training on language development. How do teachers identify what language supports they are providing? TBIP funded teachers: can there be a requirement that the building administrator have an endorsement? Build accountability at all levels.</p> <p>Question: in principal prep programs, is there an ML requirement? Amy I – says yes. Eric</p>
