

Sole Source Notification

Washington State Leadership Academy

It is the intent of Washington State to promote open competition and transparency for all contracts for goods and services. In accordance with Department of Enterprise Service (DES) policy #DES-140-00, all intended sole source contracts must be made available for public inspection for a period of not less than fifteen (15) working days before the start date of the contract. This Sole Source Notification satisfies the requirement.

*This Sole Source Notification is available at the [Office of Superintendent of Public Instruction \(OSPI\) website](#) and at the Department of Enterprise Services, [Washington Electronic Business Solution \(WEBS\) Procurement website](#) under the following commodity codes: **924-05:** Advisory Services, Educational; **924-16:** Course Development Services, Instructional/Training; **924-18:** Educational Services, Alternative; **924-19:** Educational Research Services; **924-25:** For Credit Classes, Seminars, Workshops, etc.; **924-35:** In-Service Training (For Employees); **924-64:** Partnering Workshop Facilitation Services; **924-71:** School Operation and Management Services; **924-76:** Student Activities Services; **924-78:** Teaching and Instruction Services (Including Elementary and Secondary Education, Higher Education and Adult Education)*

The Office of Superintendent of Public Instruction (OSPI) intends to award a \$1,605,000 sole source contract to the Washington School Principals' Education Foundation (WSPEF) DBA Association of Washington School Principals (AWSP) for the period of August 21, 2025, through June 30, 2027.

The purpose of this contract is to continue operation of a state-of-the-art leadership academy, known as the Washington State Leadership Academy (WSLA), for school principals and administrators based on research correlating leadership practices for effective implementation of Washington State required initiatives and student achievement in Washington State. This work is state mandated, and the funding is authorized by the Legislature in Engrossed Substitute Senate Bill 5167.

The proposed Contractor will convene the Washington State Leadership Academy Board of educational specialists to assist in the continued implementation and revision of the Academy's job-embedded, professional development initiatives accessible throughout the state. They will also review research to identify leadership characteristics, skills, and practices positively associated with improved student achievement, as well as leadership development models found to be successful in other states. This will allow AWSP to enhance Leadership Academy program content/curricula development.

Under the proposed contract, WSPEF will subcontract with approximately thirty-five (35) instructors and coaches, and two (2) lead advisors, and conduct ten (10) regional meetings, and three (3) statewide. The Leadership Academy will include 340 participants, with approximately 150 new recruited members. Services may also include a program evaluation subcontracted with an independent, third-party evaluation source, which will include participant perceptions, documentation of changes in leadership beliefs and practices, and resulting effects on student learning.

Consultants contemplating the above requirements shall submit capability statements detailing their ability to meet the state's requirements ***no later than 3:00 pm on August 20, 2025.***

Capability statements must address the following state requirements:

- Experience working in collaboration with school districts and school leaders who maintain the knowledge and practice of leadership programs across our state. This collaboration is essential and guides the Washington State Leadership Academy.
- Experience working in collaboration with school districts to ensure quality instruction, expertise, and professional learning opportunities for the participants in a Washington State Leadership Academy professional learning opportunity.
- Knowledge of the specific skills and expertise of educational leaders in Washington state.
- Ability to identify leaders with the capacity and knowledge to provide peer coaching specific to the unique needs of participants in a Washington State Leadership Academy.
- Capacity and ability to provide content and curriculum specific to leadership development in Washington state.
- Experience working with Washington state standards and the state-adopted Leadership Framework evaluation tool.
- Established database of experienced and skilled leaders to serve as peer coaches and leadership mentors across the state.

In the absence of other qualified sources, and pending approval by the Department of Enterprise Services, it is OSPI's intent to make a sole source award of the contract mentioned above to Washington School Principals' Education Foundation DBA Association of Washington School Principals.

Although this Sole Source Notification is not an invitation to bid, if you feel your firm is able to provide the goods or services listed above, you may submit a capability statement to:

Attachment 1 – Sole Source Contract Filing Justification

Specific Problem or Need

- *What is the business need or problem that requires this contract?*

Research shows that effective leadership is critical to improving student learning and transforming under performing schools and school districts. The proposed services to be provided as a result of this contract are critically necessary so that the OSPI can work with an outside entity to continue operation of a long-standing leadership academy for school principals and administrators. Through the leadership academy, school and district staff and administrators will be able to focus on the development and enhancement of personal leadership characteristics and develop/improve upon effective skills.

Engrossed Substitute Senate Bill (ESSB) 5167 requires OSPI to procure development of a state-of-the-art leadership academy for school principals and administrators that is accessible throughout the state.

Sole Source Criteria

- *Describe the unique features, qualifications, abilities or expertise of the contractor proposed for this sole source contract.*

Founded in 1972, AWSP has been a leading voice in education for decades, representing principals, assistant principals, and principal interns, including more than 3,500 members from elementary, middle and high schools statewide. AWSP supports principals just entering the profession and those who are seasoned administrators through their established intern membership program which helps new administrators develop skills in core areas ranging from crisis planning and curriculum development to communication with parents, students and staff.

AWSP has adopted a nationally-researched, performance-based principal leadership assessment and mentoring process. A continued relationship with this entity, based on past practices concerning the high quality work of this entity, is highly desirable. As an established provider of these services, in conjunction with this entity's attitude and efforts supporting continuous improvement, AWSP continues to be the most desirable and most logical candidate to provide the high quality of services necessary to meet the needs of principals in struggling districts and schools which are in need of improvement.

AWSP maintains thriving relationships and exceptional credibility with school leaders across Washington state. They have systems in place that support their capacity to pair established leaders with those seeking support in the early years of their leadership career. AWSP's statewide networks of contacts focus on leadership development and sustainability, expertise in the state-approved Leadership Framework that they authored, and deep understanding of the education context in Washington state. This gives them a decided advantage over entities from other states.

- *What kind of market research did the agency conduct to conclude that alternative sources were inappropriate or unavailable? Provide a narrative description of the agency's due diligence in determining the basis for the sole source contract, including methods used by the agency to conduct a review of available sources such as researching trade publications, industry newsletters and the internet; contacting similar service providers; and reviewing statewide pricing trends and/or agreements.*

OSPI does not have a division specific to the advancement of principal leadership development, professional learning support, and retention. The Legislature also specifically mandated that the agency contract with an independent organization. To that end, our collaborative partnership with AWSP/WSPEF allows for the expertise from the field within Washington State to support this legislative requirement. Experts in the field and best practice resources will be an invaluable contribution to sustaining high quality school leaders in our state. While some governmental agencies and regional Educational Service Districts can and do provide professional learning for Washington school leaders, they lack the long-standing reputation and expertise in the continuum of leadership development.

Additionally, due to its successful experience with AWSP for these services over the past 10+ years, the agency concluded all other resources would be inappropriate. In response to our 2019 sole source notification, OSPI received a capability statement from a vendor interested in providing these services. However, it was determined the vendor was unable to sufficiently provide the services because they were an out-of-state entity that did not have experience in the specific nuances of Washington's unique system, including our system of school governance, the school improvement framework, leadership and instructional standards, and other current initiatives.

- *As part of the market research, include a list of statewide contracts review and/or businesses contacted, date of contact, method of contact (telephone, mail, e-mail, other), and documentation demonstrating an explanation of why those businesses could not or would not, under any circumstances, perform the contract; or an explanation of why the agency has determined that no businesses other than the prospective contractor can perform the contract.*

OSPI determined that no statewide contracts are available to complete the tasks associated with the Washington State Leadership Academy.

OSPI identified three vendors who demonstrate expertise in leadership coaching and support – 21st Century Possibilities, Marzano Research, and Build 2 Lead – however, determined none are proficient in Washington state standards and our state adopted Leadership Framework evaluation tool. This expertise is imperative because the contract includes curricula design, implementation, and practice specific to Washington state leadership standards. These standards and practices are embedded in the content of the AWSP Leadership Framework, which was authored by AWSP (contractor) and is our state adopted evaluation instrument for all assistant principals and principals in Washington State.

- *Per the Supplier Diversity Policy, DES-090-06: was this purchase included in the agency's forecasted needs report?*

Yes.

- *Describe what targeted industry outreach was completed to locate small and/or veteran-owned businesses to meet the agency's need.*

OSPI searched OMWBE's Certified Business Directory, but determined that no business could complete the tasks associated with the Leadership Academy. It is imperative that the Academy be implemented cohesively, and unbundling the Academy to distribute pieces to small businesses was determined not to be a viable option.

- *What considerations were given to unbundling the goods and/or services in this contract, which would provide opportunities for Washington small, diverse, and/or veteran-owned businesses. Provide a summary of your agency's unbundling analysis for this contract.*

Due to AWSP's extensive and unique history implementing the Leadership Academy, unbundling this program to distribute pieces to small businesses was not considered as a viable option that would result in successful implementation of the legislative requirements. Specifically, OSPI's unbundling analysis reflects that unbundling is unlikely due to geographic area, size and complexity of the services, and timing of the services.

- *Provide a detailed and compelling description that includes quantification of the costs and risks mitigated by contracting with this contractor (i.e. learning curve, follow-up nature).*

A continued relationship with this entity, based on past practices concerning the high-quality work produced by this entity, is highly desirable. As directed by the Legislature, OSPI has acted as the fiscal agent for the AWSP Leadership Academy since 2010. As an established provider of these services, in conjunction with this entity's attitude and efforts supporting continuous improvement, AWSP continues to be the most desirable and cost logical candidate to provide the high-quality services necessary to meet the needs of principals in struggling districts and schools which are in need of improvement. The long-standing partnership between AWSP/WSPEF and OSPI in support of this work, will significantly mitigate risk and cost.

- *Is the agency proposing this sole source contract because of special circumstances such as confidential investigations, copyright restrictions, etc.? If so, please describe.*

No.

- *Is the agency proposing this sole source contract because of unavoidable, critical time delays or issues that prevented the agency from completing this acquisition using a competitive process? If so, please describe. For example, if time constraints are applicable, identify when the agency was on notice of the need for the goods and/or service, the entity that imposed the constraints, explain the authority of that entity to impose them, and provide the timelines within which work must be accomplished.*

No.

- *What are the consequences of not having this sole source filing approved? Describe in detail the impact to the agency and to services it provides if this sole source filing is not approved.*

OSPI's participation in the Leadership Academy is state mandated and the funding is authorized by the Legislature in Engrossed Substitute Senate Bill 5167. OSPI is tasked with contracting with an independent organization to operate a state-of-the-art education leadership academy, accessible throughout the state. It would be detrimental to meeting the necessary project timelines and Legislative requirements if this sole source filing is not approved.

Reasonableness of Cost

- *Since competition was not used as the means for procurement, how did the agency conclude that the costs, fees, or rates negotiated are fair and reasonable? Please make a comparison with comparable contracts, use the results of a market survey, or employ some other appropriate means calculated to make such a determination.*

The Legislature allocated \$810,000 in Fiscal Year 2026, and \$810,000 in Fiscal Year 2027, through ESSB 5167 solely for development of a state-of-the-art leadership academy for school principals and administrators. These are the same amounts appropriated by the Legislature and approved by DES for the past three biennia. OSPI is passing the amount on to the proposed contractor, less an agency administrative fee. OSPI has determined the costs for salaries of the contractor's Director and support staff, program development, and subcontracts are reasonable and in line with previous biennia. Funding also supports three regional meetings inclusive of all operational and logistics expenses including printing, postage, office supplies, instructional materials, and equipment.

The Contractor agrees to release such information or material only to employees and agents who have signed a written agreement expressly prohibiting disclosure or usages not specifically authorized by this Contract.

The Contractor warrants and represents that Contractor has all rights and permissions, including intellectual property rights, moral rights and rights of publicity, necessary to apply such a license.

17. Duplicate Payment. The Superintendent shall not pay the Contractor, if the Contractor has charged or will charge the state of Washington or any other party under any other contract or agreement, for the same services or expenses.

18. Electronic signature. Any signature page delivered via fax machine or electronic image scan, receipt acknowledged in each case, shall be binding to the same extent as an original, wet ink signature page. Any Party who delivers such a signature page agrees to later deliver an original counterpart to any Party which requests it.

22. Indemnification. To the fullest extent permitted by law, Contractor shall indemnify, defend and hold harmless the Superintendent and all officials, agents, and employees of the Superintendent, from and against all claims for injuries or death arising out of or resulting from the performance of this Contract. "Claim" as used in this Contract, means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorney's fees, attributable for bodily injury, sickness, disease, or death, or injury to or destruction of tangible property including loss of use resulting therefrom. Additionally, "claims" shall include but not be limited to, assertions that the use or transfer of any software, book, document, report, film, tape or sound reproduction or material of any kind, delivered hereunder, constitutes an infringement of any copyright, patent, trademark, trade name, or otherwise results in an unfair trade practice or in unlawful restraint of competition. Contractor's obligation to indemnify, defend and hold harmless includes any claim by Contractor's agents, employees, representatives, or any subcontractor or its employees.

Contractor expressly agrees to indemnify, defend, and hold harmless the Superintendent for any claim out of or incident to Contractor's or subcontractor's performance or failure to perform the Contract. Contractor's obligation to indemnify, defend, or hold harmless the Superintendent shall not be eliminated or reduced by any actual or alleged concurrent negligence by Superintendent or its agents, employees, or officials.

Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless Superintendent and its agents, employees, or officials.

23. Independent Capacity of the Contractor. The parties intend that an independent Contractor relationship will be created by this Contract. The Contractor and his/her employees or agents performing under this Contract are not employees or agents of the Superintendent. The Contractor will not hold himself/herself out as nor claim to be an officer or employee of the

Superintendent or of the state of Washington by reason hereof, nor will the Contractor make any claim or right, privilege, or benefit which would accrue to such employee under law. Conduct and control of the work will be solely with the Contractor.

24. Insurance.

- a. **Worker's Compensation Coverage.** The Contractor shall at all times comply with all applicable worker's compensation, occupational disease, and occupational health and safety laws, statutes, and regulations to the fullest extent applicable. This requirement includes the purchase of industrial insurance coverage for the Contractor's employees, as may now hereafter be required of an "employer" as defined in Title 51 RCW. Such worker's compensation and occupational disease requirements shall include coverage for all employees of the Contractor, and for all employees of any subcontract retained by the Contractor, suffering bodily injury (including death) by accident or disease, which arises out of or in connection with the performance of this Contract. Satisfaction of these requirements shall include, but shall not be limited to:

- 1) Full participation in any required governmental occupational injury and/or disease insurance program, to the extent participation in such a program is mandatory in any jurisdiction;

If the Contractor, or any subcontractor retained by the Contractor, fails to effect and maintain a program of compliance with applicable worker's compensation and occupational disease laws, statutes, and regulations and the Superintendent incurs fines or is required by law to provide benefits to such employees, to obtain coverage for such employees, the Contractor will indemnify the Superintendent for such fines, payment of benefits to Contractor or subcontractor employees or their heirs or legal representatives, and/or the cost of effecting coverage on behalf of such employees. Any amount owed the Superintendent by the Contractor pursuant to the indemnity may be deducted from any payments owed by the Superintendent to the Contractor for the performance of this Contract.

- b. **Proof of Insurance.** Certificates and or evidence satisfactory to the Superintendent confirming the existence, terms and conditions of all insurance required above shall be delivered to the Superintendent within five (5) days of the Contractor's receipt of Authorization to Proceed.

- c. **General Insurance Requirements.** Contractor shall, at all times during the term of the Contract and at its cost and expense, buy and maintain insurance of the types and amounts listed above. Failure to buy and maintain the required insurance may result in the termination of the Contract at the Superintendent's option. By requiring insurance herein, Superintendent does not represent that coverage and limits will be adequate to protect Contractor and such coverage and limits shall not limit Contractor's liability under the indemnities and reimbursements granted to the Superintendent in this Contract.

Contractor shall include all subcontractors as insureds under all required insurance policies, or shall furnish proof of insurance and endorsements for each subcontractor. Subcontractor(s) must comply fully with all insurance requirements stated herein. Failure of subcontractor(s) to comply with insurance requirements does not limit Contractor's liability or responsibility.

25. Licensing and Accreditation Standards. The Contractor shall comply with all applicable local, state, and federal licensing, accreditation and registration requirements/standards, necessary to the performance of this Contract.

26. Limitation of Authority. Only the Superintendent or the Superintendent's delegate by writing (delegation to be made prior to action) shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this Contract. Any such suspension will remain in place until Superintendent receives notification that Contractor, including any

subcontractor, is cooperating with the investigating state agency. In the event Contractor, or subcontractor, is determined to have engaged in discrimination identified at RCW 49.60.530(3), the Superintendent may terminate this Contract in whole or in part, and Contractor, subcontractor, or both, may be referred for debarment as provided in RCW 39.26.200. Contractor or subcontractor may be given a reasonable time in which to cure this noncompliance, including implementing conditions consistent with any court-ordered injunctive relief or settlement agreement.

28. Overpayments. Contractor shall refund to Superintendent the full amount of any overpayment under this Contract within thirty (30) calendar days of written notice. If Contractor fails to make a prompt refund, Superintendent may charge Contractor one percent (1%) per month on the amount due until paid in full.

29. Payments. No payments in advance or in anticipation of services or supplies to be provided under this Contract shall be made by the Superintendent. All payments to the Contractor are conditioned upon (1) Contractor's submission of a properly executed and supported invoice for payment, including such supporting documentation of performance and supporting documentation of costs incurred or paid, or both as is otherwise provided for in the body of this Contract, and (2) Acceptance and certification by the OSPI Contract Manager or designee of satisfactory performance by the Contractor.

Except as otherwise provided in this Contract, (1) All approvable invoices for payment due to the Contractor shall be paid within thirty (30) calendar days of their submission by the Contractor and acceptance and certification by the OSPI Contract Manager or designee, and (2) All expenses necessary to the Contractor's performance of this Contract not specifically mentioned in the Contract shall be borne in full by the Contractor.

Contractor acknowledges that the Superintendent is subject to the Washington State Public Records Act, Chapter 42.56 RCW, and that this Contract shall be a public record as defined in RCW 42.56. Any specific information that is claimed by the Contractor to be confidential or proprietary must be clearly identified as such by the Contractor. To the extent consistent with chapter 42.56 RCW, the Superintendent shall maintain the confidentiality of all such information marked confidential or proprietary. If a request is made to view the Contractor's information, the Superintendent will notify the Contractor of the request and the date that such records will be released to the requester unless Contractor obtains a court order enjoining that disclosure. If the Contractor fails to obtain the court order enjoining disclosure, the Superintendent will release the requested information on the date specified.

31. Publicity. The Contractor agrees to submit to the Superintendent all advertising and publicity matters relating to this Contract which in the Superintendent's judgment, Superintendent's name can be implied or is specifically mentioned. The Contractor agrees not to publish or use such advertising and publicity matters without the prior written consent of the Superintendent.

32. Registration with Department of Revenue. The Contractor shall complete registration with the Department of Revenue and be responsible for payment of all taxes due on payments made under this Contract.

33. Records Maintenance. The Contractor shall maintain all books, records, documents, data and other evidence relating to this Contract and performance of the services described herein, including but not limited to accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Contract. Contractor shall retain such records for a period of six years following the date of final payment. At no additional cost, these records, including materials generated under the Contract, shall be subject at all reasonable times to inspection, review or audit by the Superintendent, personnel duly authorized by the Superintendent, the Office of the State Auditor, and federal and state officials so authorized by law, regulation or agreement.

37. Subcontracting. Neither the Contractor nor any subcontractor shall enter into subcontracts for any of the work contemplated under this Contract without obtaining prior written approval of the Superintendent. Contractor is responsible to ensure that all terms, conditions, assurances and certifications set forth in this Contract are included in any and all Subcontracts. In no event shall the existence of the subcontract operate to release or reduce liability of the Contractor to the Superintendent for any breach in the performance of the Contractor's duties. This clause does not include contracts of employment between the Contractor and personnel assigned to work under this Contract.

If, at any time during the progress of the work, the Superintendent determines in its sole judgment that any subcontractor is incompetent, the Superintendent shall notify the Contractor, and the Contractor shall take immediate steps to terminate the subcontractor's involvement in the work. The rejection or approval by the Superintendent of any subcontractor

or the termination of a subcontractor shall not relieve the Contractor of any of its responsibilities under the Contract, nor be the basis for additional charges to the Superintendent.

38. Subcontractor Payment Reporting. If a subcontractor is used to perform all or part of the services under this Contract under a separate contract with the Contractor, this Contract is subject to compliance tracking using the State's business diversity management system, [Access Equity](#) (B2Gnow).
