Program(s) Evaluation or Major Findings

CISL staff partnered with LAP staff to publish guidance and resources for LEAs and schools to utilize as they implement the Washington Integrated Student Supports Protocol, as required by SHB 1208 (2021).

Major Challenges Faced by Program(s)

The work of this proviso was impacted by staffing changes in CISL and LAP, resulting in the allocation being underspent for the 2024-2025 school year.

Future Opportunities

OSPI is working to advance internal alignment related to the protocol. Through this alignment process, the agency aims to develop shared professional learning resources for LEAs.

Changes to the LAP Report are underway to ensure it aligns with the protocol.

This proviso was consolidated into OSPI's agency administration funding in the 2025-27 biennial operating budget. OSPI's agency administration appropriation was reduced in the 2025 budget, which could impact this work moving forward.
