

Continuous Improvement Technical Assistance Topic December 2025

Ready to step into 2026? Lace up—because you're about to guide your schools to the final stretch of Cycle Three!

Grants

Finish up the federally funded applications for eligible LEAs to support the goals outlined in their identified schools' 2025-26 SIPs and L-CAP.

Reviews

Submit your MYPR and EOYR to Basecamp for OSPI review and feedback on plan implementation.

STARTING STEPS

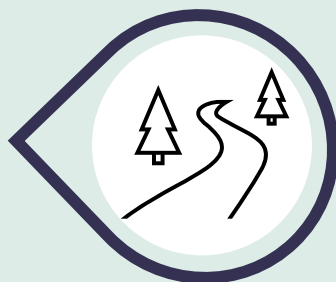

Resources

Check in with Continuous Improvement Technical Assistance Network provided resources, guides, video tutorials, and supports.

Review Data and Plans

Review your previously constructed plans against district collected formative data and annual WSIF data.

LEA Consolidated Accountability Plan (L-CAP)

Complete the 2026-27 L-CAP survey and upload the survey report (.pdf export) for the 2026-27 1003 Improvement Grants.

School Improvement Plan

Update and/or adjust the 2025-26 School Improvement Plan (SIP) based on the results of the Comprehensive Needs Assessment (CNA) review and the L-CAP update. Get school board approval and submit to Basecamp for 2026-27.
