Answer: Please bring your questions and problems of practice regarding Comprehensive Early Career Educator Induction. Sessions will include presentation time and collaborative time with other grantees.

Be prepared to select breakout rooms during convening sessions for collaboration time. Depending on the number of participants, breakout rooms will be offered by size of district. For example, if you are from a smaller district you would opt into "Smallish" breakout rooms. You get to define what size system you represent with these suggestions:

- "Smallish" - One school building serving K-12 or a system with two campuses.
- "Mediumish" - System serving one comprehensive high school with several middle and elementary schools.
- "Largish" - System with several comprehensive high schools and with several middle schools and elementary schools.
