OSPI Approval

Approved as an Online Course Provider since 2024–25.

Student Performance Data for School Year 2024–25

- Course completion rate: 100%
- Course pass rate: 100%

Overview

Acceleration Academies is a national leader in re-engaging young adults not experiencing success in a traditional high school setting. We partner with school districts across the U.S. to offer dropout recovery and re-engagement services, credit recovery, and a flexible personalized alternative for students to earn a district-issued high school diploma. We offer in-person, blended, and online options so that students can work anytime from anywhere, plus a social and emotional support system to remove impediments that have caused students to struggle in a traditional setting.

Levels:

- Advanced Placement

Washington Office of Superintendent of
PUBLIC INSTRUCTION

- Credit Recovery
- Honors
- Remedial
- Standard

Student-Teacher Contact Requirements

Students and families can connect with Acceleration Academies staff by text, phone, email, or Zoom - and every student receives a Staff Directory at orientation. Students can also use the message center in our online learning platform to receive teacher feedback, announcements, and alerts when assignments are graded. This platform enables two-way communication and ensures that students have a clear and consistent way to reach their teachers (Content Coaches) and receive support.

Content Coaches also give individualized feedback on assignments and assessments, and provide real-time support through direct messaging, live chats, and virtual sessions. Frequent check-ins and progress updates ensure students stay engaged and on track toward graduation.

This comprehensive communication system ensures that students are never working in isolation. Every learner is connected to a team of professionals who provide academic guidance, encouragement, and responsive support, creating a learning environment that is highly interactive, personalized, and student-centered.
