PURPOSE/BACKGROUND

The purpose of this bulletin is to announce the opportunity to apply for the United States Department of Agriculture (USDA), Fresh Fruit and Vegetable Program (FFVP). We anticipate USDA to release funding for program operations from October 1, 2026, through September 30, 2027. Applications must be submitted to the Office of Superintendent of Public Instruction (OSPI) by April 30, 2026. The Assistance Listing Number (ALN) for the FFVP is 10.582.

The FFVP offers an effective and creative way to provide nutrition education and tasting opportunities for a wide variety of fresh fruits and vegetables. Participating schools serve fresh produce to students outside the National School Lunch Program and School Breakfast Program meal service times. Participating schools must offer meaningful nutrition education throughout the school year to complement students tasting fruits and vegetables. The program has been successful in introducing elementary school children to a variety of produce that they otherwise might not have the opportunity to try.

Funds are awarded to elementary schools that apply for the program, beginning with those with the highest eligibility. For general information, visit the [FFVP webpage](#).

School Eligibility

Schools must meet two requirements to be eligible to apply:

1. 50% or more of the students enrolled in the school must be eligible for free or reduced-price meals.
 - [Eligibility for Free and Reduced-Price Meals Report](#) is used to determine each school's FRP percentage.
2. The school must meet the definition of "elementary" school. Please review the [FFVP Reference Sheet](#) for more details.

FFVP Application

The FFVP application is completed in the Washington Integrated Nutrition System (WINS). Eligible schools will be notified through the sponsors WINS home screen. WINS authorized users have access to the FFVP application. Individuals listed in the FFVP application are responsible for ensuring the program is implemented according to FFVP regulations.

- **Sponsor Application Information**

The Sponsor Application is not required at the time you apply for FFVP grant funds. If your LEA is awarded FFVP funds, you will be required to enter or update your FFVP contact information as part of the sponsor application during your NSLP renewal. Use the [Updating Sponsor Contacts Information Sheet](#) for detailed information on updating WINS.

- **Site Applications**

A Site Application must be completed in WINS and submitted for each school that wants to be considered for participation annually. If the LEA has eligible sites, you will see this displayed on the WINS home screen. The site application must demonstrate how the FFVP will be implemented and operated within program requirements. Refer to the [FFVP Reference Sheet](#) for more information.

If your site is granted funding, you will be required to complete a Site Spending Plan prior to operating FFVP for the 2026–27 school year.

FFVP expenditures must comply with federal cost principles under 2 CFR Part 200, including requirements that costs be necessary, reasonable, allocable to FFVP operations, and adequately documented. Only allowable FFVP costs, as defined in program guidance, may be claimed for reimbursement. Costs included in the Site Spending Plan must align with FFVP program requirements and may not supplant costs otherwise supported by federal, state, or local funds.

FFVP-Funded Sites

Awarded elementary schools receive \$50 to \$75 per student for each school year to provide fresh fruits and vegetables to children during the school day. These funds are provided as reimbursement, and participating schools must submit monthly claims for reimbursement in WINS. Schools may claim reimbursement for the cost of fresh fruits and vegetables, labor associated with the program, and other limited non-food costs. Awards will be announced by June 30, 2026. All schools funded for the FFVP will receive an award announcement with program details, training requirements, and instructions for completing the Site Spending Plan.

Food Service Management Company Contracts

LEAs with a Food Service Management Company (FSMC) contract must ensure the FFVP was included in the initial Request for Proposal or current contract. If not, it may be necessary to create an addendum or rebid the contract.
