OSPI Approval

Approved as an Online Course Provider since 2012–13.

Student Performance Data for School Year 2024–25

- Course completion rate: 88%
- Course pass rate: 95%

Overview

BYU Independent Study is a nonprofit online educational program that offers 470+ online courses—middle school, high school, and university—designed to help students make up credit, graduate on time, and enhance their curriculum. Enrollment is open to anyone, anytime of the year, with a full year to complete courses, along with a high level of service and support for student success.

All of our online courses are taught by certified instructors and have the high quality and rigor needed to prepare students to meet their school's graduation requirements. The courses engage students with multimedia, video, animation, and interactive labs. BYU Independent Study students register online or by phone for a course and can start their course immediately. After submitting all course assignments, students take a final exam using online proctoring or with a certified proctor or testing center in their area.

- Standard

Student-Teacher Contact Requirements

Students can communicate with their teacher as needed through email and virtual office hours. Teachers are required to respond to students within 2-3 business days. Teachers post announcements weekly and reach out to students who are struggling. Students also have access to academic coaching, peer mentoring, peer tutoring, and online resource libraries through our Student Success Center. See <https://success.ce.byu.edu/home>.
