Dear Superintendent Reykdal,

We write on behalf of the Suquamish Tribe to express our desire to renew the Tribe's Education Compact with the State of Washington. We last renewed the Compact in 2023 for a three-year term. We would like to renew it for a five-year term, per Section II of the Compact, for the 2026-2031 school years.

The Tribe continues to serve students in grades six through twelve at Chief Kitsap Academy. We appreciate your invaluable support for our work to provide high-quality, culturally relevant education for children of the Tribe and the great community. If you agree with proposed renewal, please sign below and return a copy to us. We very much look forward to continuing and strengthening our partnership.

Sincerely,
