

ROOTED IN EXCELLENCE

Issaquah School District

OSPI recognizes Issaquah School District for excellence in culturally inclusive meals. Issaquah Food Services proudly offers meals that reflect the diverse backgrounds, traditions, and preferences of the student community.

As part of the development process, Food Services hosted tasting events with students at multiple middle and high schools across the district. Student feedback directly informed recipe refinement, presentation, and overall menu acceptance.

"By offering culturally responsive meals and involving students in the process, [we aim] to foster a sense of belonging and connection in our cafeterias that play an important role in student well-being and daily school experience."
