Attachment 1 – Sole Source Contract Filing Justification

Specific Problem or Need

- *What is the business need or problem that requires this contract?*

The quality of the principal is second only to the quality of the teacher in ensuring student success. Intentional, growth-focused mentoring by an experienced and trained principal mentor supports the retention and skill development of novice principals and assistant principals. This contract focused on developing the skills of principal mentors so they, in turn, can support new school leaders.

The work outlined in this contract is also designed to support principal retention and growth, through both direct service to principal evaluators and the improvement of the systems that support them.

- *Describe the unique features, qualifications, abilities or expertise of the contractor proposed for this sole source contract.*

The Washington School Principals Education Foundation (WSPEF), as known as the Association of Washington School Principals (AWSP), is recognized as a long-standing expert in the area of principal leadership development training. WSPEF is the state's professional association for principals, assistant principals and principal interns.

AWSP serves 3,500 members from elementary, middle, and high schools as well as policymakers and administrators. This network of members is a unique qualification AWSP has to support this sole source work. By using their existing networks and infrastructure to reach out to principals statewide, we can be assured of a large audience for the mentoring of new and returning administrators, the learning standards support, leadership networks, and online professional learning.

They also are the authors of the state's sole approved leadership framework that is directly aligned to the eight state criteria. is the only state approved leadership framework provider for school administrators, as designated by OSPI in 2018. The AWSP Leadership Framework establishes the statewide standards for leadership practice, evaluation, and professional growth; therefore, mentorship content must be grounded in this framework to ensure alignment, fidelity, and consistency across districts. AWSP uniquely possesses the expertise and authority to support leadership development aligned to the framework it developed and maintains. OSPI cannot award this work to another vendor, even under a competitive procurement process, because no other vendor possesses the authority or expertise to deliver principal mentorship aligned to the sole approved leadership framework, and the state is not in a position to recreate a new state-approved leadership framework to replace AWSP's framework that has been in place for more than a decade.

AWSP not only has the expertise needed to create these deliverables, but also the delivery, communications, and marketing channels to ensure they are widely used and readily accessible.

- *What kind of market research did the agency conduct to conclude that alternative sources were inappropriate or unavailable? Provide a narrative description of the agency's due diligence in determining the basis for the sole source contract, including methods used by the agency to conduct a review of available sources such as researching trade publications, industry newsletters and the internet; contacting similar service providers; and reviewing statewide pricing trends and/or agreements.*

There is no other Contractor or Designee appointed by AWSP to provide these services for the State's sole approved Leadership Framework.

- *As part of the market research, include a list of statewide contracts review and/or businesses contacted, date of contact, method of contact (telephone, mail, e-mail, other), and documentation demonstrating an explanation of why those businesses could not or would not, under any circumstances, perform the contract; or an explanation of why the agency has determined that no businesses other than the prospective contractor can perform the contract.*

There is no other Contractor or Designee appointed by AWSP to provide these services for the State's sole approved Leadership Framework.

- *Per the Supplier Diversity Policy, DES-090-06: was this purchase included in the agency's forecasted needs report?*

Yes.

- *Describe what targeted industry outreach was completed to locate small and/or veteran-owned businesses to meet the agency's need.*

There is no other Contractor or Designee appointed by AWSP to provide these services for the State's sole approved Leadership Framework.

- *What considerations were given to providing opportunities in this contract for small business, including but not limited to unbundling the goods and/or services acquired.*

These services are connected and aligned in order to most effectively support the growth and development of principals and assistant principals. This work is interconnected and cannot be broken into components.

- *Provide a detailed and compelling description that includes quantification of the costs and risks mitigated by contracting with this contractor (i.e. learning curve, follow-up nature).*

AWSP is uniquely positioned to deliver these projects with fidelity, equity, and reach—ensuring that every school leader in the state has access to the tools, training, and community needed to improve outcomes for students. AWSP maintains the only statewide network serving nearly all principals and assistant principals in Washington. The association's infrastructure—its Learning Lab, communications systems, leadership framework, and established trust with districts—provides unparalleled access and scalability. No other entity possesses the reach, professional credibility, or delivery capacity to fulfill this statewide leadership development need.

To support school districts in the best and most efficient way and to realize cost savings of using a service provider already deeply familiar with this content, it is in the State's best interest to continue to procure the sole source contract for the 2026-27 school year.

Is the agency proposing this sole source contract because of special circumstances such as confidential investigations, copyright restrictions, etc.? If so, please describe.

No.

- *Is the agency proposing this sole source contract because of unavoidable, critical time delays or issues that prevented the agency from completing this acquisition using a competitive process? If so, please describe. For example, if time constraints are applicable, identify when the agency was on notice of the need for the goods and/or service, the entity that imposed the constraints, explain the authority of that entity to impose them, and provide the timelines within which work must be accomplished.*

No.

- *What are the consequences of not having this sole source filing approved? Describe in detail the impact to the agency and to services it provides if this sole source filing is not approved.*

At this particularly challenging time for principals and assistant principals, those who are new to the role would not be receiving skillful support and mentoring from experienced and trained colleagues. Without this support, we will continue to struggle with sustainability of school leaders.

Reasonableness of Cost

- *Since competition was not used as the means for procurement, how did the agency conclude that the costs, fees, or rates negotiated are fair and reasonable? Please make a comparison with comparable contracts, use the results of a market survey, or employ some other appropriate means calculated to make such a determination.*

The costs for publications and professional learning are consistent with those paid to other contractors for similar services. They were determined to be reasonable based on the amount of work required to develop and implement the proposed work.

The Contractor acknowledges that all of the data, material and information which originates from this Contract, and any student assessment data, material and information which will come into its possession in connection with performance under this Contract, consists of confidential data owned by the Superintendent or confidential personally identifiable data subject to the federal Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) or other privacy laws, and that the data must be secured and protected from unauthorized disclosure by the Contractor. The Contractor is wholly responsible for compliance with FERPA requirements.

The Contractor, therefore, agrees to hold all such material and information in strictest confidence, not to make use thereof other than for the performance of this Contract, to release it only to authorized employees and agents requiring such information and not release or disclose it to any other party. The Contractor agrees to release such information or material only to employees and agents who have signed a written agreement expressly prohibiting disclosure or usages not specifically authorized by this Contract.

14. Copyright Provisions. Unless otherwise provided, all Materials produced under this Contract shall be considered "works for hire" as defined by the U.S. Copyright Act and copyright shall be owned by the Superintendent. The Superintendent shall be considered the author of such Materials. If Materials are not considered "works for hire", Contractor hereby irrevocably assigns all right, title, and interest in Materials, including all intellectual property rights, to the Superintendent effective from the moment of creation of such Materials.

Materials means all items in any format and includes, but is not limited to, data, reports, documents, pamphlets, advertisements, books, magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. Copyright ownership includes the right to patent, register and the ability to transfer these rights.

Contractor understands that, except where otherwise agreed to in writing or approved by the Superintendent or designee, all original works of authorship produced under this Contract shall carry a [Creative Commons Attribution License](#), version 4.0 or later.

All Materials the Contractor has adapted from others' existing openly licensed resources must be licensed with the least restrictive open license possible that is not in conflict with existing licenses.

For Materials that are delivered under the Contract, but that incorporate pre-existing materials not produced under the Contract, Contractor will license the materials to allow others to translate, reproduce, distribute, prepare derivative works, publicly perform, and publicly display. If the Contractor would like to limit these pre-existing portions of the work to [non-commercial use](#), the [Creative Commons Attribution-NonCommercial](#) (preferred) or [Creative Commons Attribution-NonCommercial-ShareAlike](#) licenses, version 4.0 or later, are acceptable for these specific sections.

The Contractor warrants and represents that Contractor has all rights and permissions, including intellectual property rights, moral rights and rights of publicity, necessary to apply such a license.

The Contractor shall exert all reasonable effort to advise the Superintendent, at the time of delivery of data furnished under this Contract, of all known or potential invasions of privacy contained therein and of any portion of such document which was not produced in the performance of this Contract. The Superintendent shall receive prompt written notice of each notice or claim of infringement received by the Contractor with respect to any data delivered under this Contract. The Superintendent shall have the right to modify or remove any restrictive markings placed upon the data by the Contractor.

15. Covenant Against Contingent Fees. The Contractor warrants that no person or selling agent has been employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established agent maintained by the Contractor for the purpose of securing business. The Superintendent shall have the right, in the event of breach of this clause by the Contractor, to annul this Contract without liability or, in its discretion, to deduct from the contract price or consideration or recover by other means the full amount of such commission, percentage, brokerage or contingent fees.

16. Disputes. In the event that a dispute arises under this Contract, it shall be determined by a Dispute Board in the following manner: (1) The Superintendent shall appoint a member to the Dispute Board; (2) the Contractor shall appoint a member to the Dispute Board; (3) the Superintendent and the Contractor shall jointly appoint a member to the Dispute Board; (4) the Dispute Board shall evaluate the dispute and make a determination of the dispute; and, the determination of the Dispute Board shall be final and binding on the parties hereto.

As alternatives to the above Dispute Board process: (1) if the dispute is between two or more state agencies, any one of the agencies may request intervention by the Governor, as provided by 43.17.330 RCW, in which event the Governor's process shall control; and, (2) if the dispute is between a non-state agency and another state agency or non-state agency party to this Contract, all the disputing parties may mutually agree to mediation prior to submitting the dispute to a Dispute Board in the event the dispute is not resolved pursuant to mediation within an agreed-upon time period.

17. Duplicate Payment. The Superintendent shall not pay the Contractor, if the Contractor has charged or will charge the state of Washington or any other party under any other contract or agreement, for the same services or expenses.

18. Electronic signature. Any signature page delivered via fax machine or electronic image scan, receipt acknowledged in each case, shall be binding to the same extent as an original, wet ink signature page. Any Party who delivers such a signature page agrees to later deliver an original counterpart to any Party which requests it.

19. Entire Agreement. This Contract contains all the terms and conditions agreed upon by the parties. No other understandings, oral or otherwise, regarding the subject matter of this Contract shall be deemed to exist or to bind any of the parties hereto.

20. Ethical Conduct. Neither the Contractor nor any employee or agent of the Contractor shall participate in the performance of any duty or service in whole or part under this Contract in violation of, or in a manner that violates any provision of the Ethics in Public Service law at Chapter 42.52 RCW, RCW 42.17A.550, RCW 42.17A.555, and 41.06.250 prohibiting the use of public resources for political purposes.

Contractor represents and warrants that it complies fully with all applicable procurement ethics restrictions including, but not limited to, restrictions against Contractor providing gifts or anything of economic value, directly or indirectly, to the Superintendent's employees.

21. Governing Law and Venue. This Contract shall be construed and interpreted in accordance with the laws of the State of Washington and the venue of any action brought hereunder shall be in Superior Court for Thurston County.

22. Indemnification. To the fullest extent permitted by law, Contractor shall indemnify, defend and hold harmless the Superintendent and all officials, agents, and employees of the Superintendent, from and against all claims for injuries or death arising out of or resulting from the performance of this Contract. "Claim" as used in this Contract, means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorney's fees, attributable for bodily injury, sickness, disease, or death, or injury to or destruction of tangible property including loss of use resulting therefrom. Additionally, "claims" shall include but not be limited to, assertions that the use or transfer of any software, book, document, report, film, tape or sound reproduction or material of any kind, delivered hereunder, constitutes an infringement of any copyright, patent, trademark, trade name, or otherwise results in an unfair trade practice or in unlawful restraint of competition. Contractor's obligation to indemnify, defend and hold harmless includes any claim by Contractor's agents, employees, representatives, or any subcontractor or its employees.

Contractor expressly agrees to indemnify, defend, and hold harmless the Superintendent for any claim out of or incident to Contractor's or subcontractor's performance or failure to perform the Contract. Contractor's obligation to indemnify, defend, or hold harmless the Superintendent shall not be eliminated or reduced by any actual or alleged concurrent negligence by Superintendent or its agents, employees, or officials.

Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless Superintendent and its agents, employees, or officials.

23. Independent Capacity of the Contractor. The parties intend that an independent Contractor relationship will be created by this Contract. The Contractor and his/her employees or agents performing under this Contract are not employees or agents of the Superintendent. The Contractor will not hold himself/herself out as nor claim to be an officer or employee of the

Superintendent or of the state of Washington by reason hereof, nor will the Contractor make any claim or right, privilege, or benefit which would accrue to such employee under law. Conduct and control of the work will be solely with the Contractor.

24. Insurance.

- a. **Worker's Compensation Coverage.** The Contractor shall at all times comply with all applicable worker's compensation, occupational disease, and occupational health and safety laws, statutes, and regulations to the fullest extent applicable. This requirement includes the purchase of industrial insurance coverage for the Contractor's employees, as may now hereafter be required of an "employer" as defined in Title 51 RCW. Such worker's compensation and occupational disease requirements shall include coverage for all employees of the Contractor, and for all employees of any subcontract retained by the Contractor, suffering bodily injury (including death) by accident or disease, which arises out of or in connection with the performance of this Contract. Satisfaction of these requirements shall include, but shall not be limited to:

- 1) Full participation in any required governmental occupational injury and/or disease insurance program, to the extent participation in such a program is mandatory in any jurisdiction;
- 2) Purchase worker's compensation and occupational disease insurance benefits to employees in full compliance with all applicable laws, statutes, and regulations, but only to the extent such coverage is not provided under mandatory governmental program in "a" above, and/or;
- 3) Maintenance of a legally permitted and governmentally approved program of self-insurance for worker's compensation and occupational disease.

Except to the extent prohibited by law, the program of the Contractor's compliance with worker's compensation and occupational disease laws, statutes, and regulations in 1), 2), and 3) above shall provide for a full waiver of rights of subrogation against the Superintendent, its directors, officers, and employees.

If the Contractor, or any subcontractor retained by the Contractor, fails to effect and maintain a program of compliance with applicable worker's compensation and occupational disease laws, statutes, and regulations and the Superintendent incurs fines or is required by law to provide benefits to such employees, to obtain coverage for such employees, the Contractor will indemnify the Superintendent for such fines, payment of benefits to Contractor or subcontractor employees or their heirs or legal representatives, and/or the cost of effecting coverage on behalf of such employees. Any amount owed the Superintendent by the Contractor pursuant to the indemnity may be deducted from any payments owed by the Superintendent to the Contractor for the performance of this Contract.

- b. **Proof of Insurance.** Certificates and or evidence satisfactory to the Superintendent confirming the existence, terms and conditions of all insurance required above shall be delivered to the Superintendent within five (5) days of the Contractor's receipt of Authorization to Proceed.

- c. **General Insurance Requirements.** Contractor shall, at all times during the term of the Contract and at its cost and expense, buy and maintain insurance of the types and amounts listed above. Failure to buy and maintain the required insurance may result in the termination of the Contract at the Superintendent's option. By requiring insurance herein, Superintendent does not represent that coverage and limits will be adequate to protect Contractor and such coverage and limits shall not limit Contractor's liability under the indemnities and reimbursements granted to the Superintendent in this Contract.

Contractor shall include all subcontractors as insureds under all required insurance policies, or shall furnish proof of insurance and endorsements for each subcontractor. Subcontractor(s) must comply fully with all insurance requirements stated herein. Failure of subcontractor(s) to comply with insurance requirements does not limit Contractor's liability or responsibility.

25. Licensing and Accreditation Standards. The Contractor shall comply with all applicable local, state, and federal licensing, accreditation and registration requirements/standards, necessary to the performance of this Contract.

26. Limitation of Authority. Only the Superintendent or the Superintendent's delegate by writing (delegation to be made prior to action) shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this Contract. Furthermore, any alteration, amendment, modification, or waiver of any clause or condition of this Contract is not effective or binding unless made in writing and signed by the Superintendent.

27. Nondiscrimination.

- a. **Nondiscrimination Requirement.** During the term of this Contract, the Contractor, including any subcontractor, shall comply with all the federal and state nondiscrimination laws, regulations and policies, which are otherwise applicable to the Superintendent. Accordingly, on the bases enumerated at RCW 49.60.530(3), no person shall, on the ground of sex, race, creed, religion, color, national origin, marital status, families with children, age, veteran or military status, sexual orientation, gender expression, gender identity, disability, or the use of a trained dog guide or service animal, be unlawfully excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any activity performed by the Contractor and its agents under this Contract. In addition, Contractor, including any subcontractor, shall give written notice of this nondiscrimination requirement to any labor organizations with which Contractor, or subcontractor, has a collective bargaining or other agreement.
- b. **Obligation to Cooperate.** Contractor, including any subcontractor, shall cooperate and comply with any Washington state agency investigation regarding any allegation that Contractor, including any subcontractor, has engaged in discrimination prohibited by this Contract pursuant to RCW 49.60.530(3).
- c. **Default.** Notwithstanding any provision to the contrary, the Superintendent may suspend Contractor, including any subcontractor, upon notice of a failure to participate and cooperate with any state agency investigation into alleged discrimination prohibited by this Contract, pursuant to RCW 49.60.530(3). Any such suspension will remain in place until Superintendent receives notification that Contractor, including any

subcontractor, is cooperating with the investigating state agency. In the event Contractor, or subcontractor, is determined to have engaged in discrimination identified at RCW 49.60.530(3), the Superintendent may terminate this Contract in whole or in part, and Contractor, subcontractor, or both, may be referred for debarment as provided in RCW 39.26.200. Contractor or subcontractor may be given a reasonable time in which to cure this noncompliance, including implementing conditions consistent with any court-ordered injunctive relief or settlement agreement.

- d. **Remedies for Breach.** Notwithstanding any provision to the contrary, in the event of Contract termination or suspension for engaging in discrimination, Contractor, subcontractor, or both, shall be liable for contract damages as authorized by law including, but not limited to, any cost difference between the original contract and the replacement or cover contract and all administrative costs directly related to the replacement contract, which damages are distinct from any penalties imposed under Chapter 49.60, RCW. The Superintendent shall have the right to deduct from any monies due to Contractor or subcontractor, or that thereafter become due, an amount for damages Contractor or subcontractor will owe the Superintendent for default under this provision.

28. Overpayments. Contractor shall refund to Superintendent the full amount of any overpayment under this Contract within thirty (30) calendar days of written notice. If Contractor fails to make a prompt refund, Superintendent may charge Contractor one percent (1%) per month on the amount due until paid in full.

29. Payments. No payments in advance or in anticipation of services or supplies to be provided under this Contract shall be made by the Superintendent. All payments to the Contractor are conditioned upon (1) Contractor's submission of a properly executed and supported invoice for payment, including such supporting documentation of performance and supporting documentation of costs incurred or paid, or both as is otherwise provided for in the body of this Contract, and (2) Acceptance and certification by the OSPI Contract Manager or designee of satisfactory performance by the Contractor.

Except as otherwise provided in this Contract, (1) All approvable invoices for payment due to the Contractor shall be paid within thirty (30) calendar days of their submission by the Contractor and acceptance and certification by the OSPI Contract Manager or designee, and (2) All expenses necessary to the Contractor's performance of this Contract not specifically mentioned in the Contract shall be borne in full by the Contractor.

30. Public Disclosure. Contractor acknowledges that the Superintendent is subject to the Washington State Public Records Act, Chapter 42.56 RCW, and that this Contract shall be a public record as defined in RCW 42.56. Any specific information that is claimed by the Contractor to be confidential or proprietary must be clearly identified as such by the Contractor. To the extent consistent with chapter 42.56 RCW, the Superintendent shall maintain the confidentiality of all such information marked confidential or proprietary. If a request is made to view the Contractor's information, the Superintendent will notify the Contractor of the request and the date that such records will be released to the requester unless Contractor obtains a court order enjoining that disclosure. If the Contractor fails to obtain the court order enjoining disclosure, the Superintendent will release the requested information on the date specified.

31. Publicity. The Contractor agrees to submit to the Superintendent all advertising and publicity matters relating to this Contract which in the Superintendent's judgment, Superintendent's name can be implied or is specifically mentioned. The Contractor agrees not to publish or use such advertising and publicity matters without the prior written consent of the Superintendent.

32. Registration with Department of Revenue. The Contractor shall complete registration with the Department of Revenue and be responsible for payment of all taxes due on payments made under this Contract.

33. Records Maintenance. The Contractor shall maintain all books, records, documents, data and other evidence relating to this Contract and performance of the services described herein, including but not limited to accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Contract. Contractor shall retain such records for a period of six years following the date of final payment. At no additional cost, these records, including materials generated under the Contract, shall be subject at all reasonable times to inspection, review or audit by the Superintendent, personnel duly authorized by the Superintendent, the Office of the State Auditor, and federal and state officials so authorized by law, regulation or agreement.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

34. Right of Inspection. The Contractor shall provide right of access to its facilities to the Superintendent or any of its officers at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this Contract on behalf of the Superintendent. All inspections and evaluations shall be performed in such a manner that will not unduly interfere with the Contractor's business or work hereunder.

35. Severability. The provisions of this Contract are intended to be severable. If any term or provision is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of the Contract.

36. Site Security. While on Superintendent premises, Contractor, its agents, employees, or subcontractors shall conform in all respects with physical, fire or other security policies or regulations.

37. Subcontracting. Neither the Contractor nor any subcontractor shall enter into subcontracts for any of the work contemplated under this Contract without obtaining prior written approval of the Superintendent. Contractor is responsible to ensure that all terms, conditions, assurances and certifications set forth in this Contract are included in any and all Subcontracts. In no event shall the existence of the subcontract operate to release or reduce liability of the Contractor to the Superintendent for any breach in the performance of the Contractor's duties. This clause does not include contracts of employment between the Contractor and personnel assigned to work under this Contract.

If, at any time during the progress of the work, the Superintendent determines in its sole judgment that any subcontractor is incompetent, the Superintendent shall notify the Contractor, and the Contractor shall take immediate steps to terminate the subcontractor's involvement in the work. The rejection or approval by the Superintendent of any subcontractor

or the termination of a subcontractor shall not relieve the Contractor of any of its responsibilities under the Contract, nor be the basis for additional charges to the Superintendent.

38. Subcontractor Payment Reporting. If a subcontractor is used to perform all or part of the services under this Contract under a separate contract with the Contractor, this Contract is subject to compliance tracking using the State's business diversity management system, [Access Equity](#) (B2Gnow). The Contractor and all Subcontractors shall report and confirm receipt of payments made to the Contractor and each Subcontractor through the Access Equity system. Except as otherwise provided in this Contract, the Superintendent or Superintendent's Designee may, by ten (10) days written notice, beginning on the second day after the mailing, terminate this Contract in whole or in part. The notice shall specify the date of termination and shall be conclusively deemed to have been delivered to and received by the Contractor as of midnight the second day of mailing in the absence of proof of actual delivery to and receipt by the Contractor. MEMORANDUM to ED GRANTEEES REGARDING THE USE OF GRANT FUNDS FOR CONFERENCES AND MEETINGS

You are receiving this memorandum to remind you that grantees must take into account the following factors when considering the use of grant funds for conferences and meetings:

- Before deciding to use grant funds to attend or host a meeting or conference, a grantee should:
 - Ensure that attending or hosting a conference or meeting is consistent with its approved application and is reasonable and necessary to achieve the goals and objectives of the grant;
 - Ensure that the primary purpose of the meeting or conference is to disseminate technical information, (e.g., provide information on specific programmatic requirements, best practices in a particular field, or theoretical, empirical, or methodological advances made in a particular field; conduct training or professional development; plan/coordinate the work being done under the grant); and
 - Consider whether there are more effective or efficient alternatives that can accomplish the desired results at a lower cost, for example, using webinars or video conferencing.
- Grantees must follow all applicable statutory and regulatory requirements in determining whether costs are reasonable and necessary, especially the Cost Principles for Federal grants set out at 2 CFR Part 200 Subpart E of the, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards." In particular, remember that:
 - Federal grant funds cannot be used to pay for alcoholic beverages; and
 - Federal grant funds cannot be used to pay for entertainment, which includes costs for amusement, diversion, and social activities.
- Grant funds may be used to pay for the costs of attending a conference. Specifically, Federal grant funds may be used to pay for conference fees and travel expenses (transportation, per diem, and lodging) of grantee employees, consultants, or experts to attend a conference or meeting if those expenses are reasonable and necessary to achieve the purposes of the grant.
 - When planning to use grant funds for attending a meeting or conference, grantees should consider how many people should attend the meeting or

conference on their behalf. The number of attendees should be reasonable and necessary to accomplish the goals and objectives of the grant.

- A grantee hosting a meeting or conference may not use grant funds to pay for food for conference attendees unless doing so is necessary to accomplish legitimate meeting or conference business.
 - A working lunch is an example of a cost for food that might be allowable under a Federal grant if attendance at the lunch is needed to ensure the full participation by conference attendees in essential discussions and speeches concerning the purpose of the conference and to achieve the goals and objectives of the project.
- A meeting or conference hosted by a grantee and charged to a Department grant must not be promoted as a U.S. Department of Education conference. This means that the seal of the U.S. Department of Education must not be used on conference materials or signage without Department approval.
 - All meeting or conference materials paid for with grant funds must include appropriate disclaimers, such as the following:
The contents of this (insert type of publication; e.g., book, report, film) were developed under a grant from the Department of Education. However, those contents do not necessarily represent the policy of the Department of Education, and you should not assume endorsement by the Federal Government.
- Grantees are strongly encouraged to contact their project officer with any questions or concerns about whether using grant funds for a meeting or conference is allowable prior to committing grant funds for such purposes.
 - A short conversation could help avoid a costly and embarrassing mistake.
- Grantees are responsible for the proper use of their grant awards and may have to repay funds to the Department if they violate the rules on the use of grant funds, including the rules for meeting and conference-related expenses.
