1 Introduction

Washington State public high schools that serve students who are attempting high school credit are required to use the Washington State Standardized High School Transcript, [RCW 28A.230.125](#). This guide provides the specifications for the standardized transcript. This guide is only intended for public schools that fall under the supervision of The Office of Superintendent of Public Instruction. Home schools and private schools are not required to follow the same transcript regulations.

This guide has been updated in order to provide clear guidance to school districts in implementing high school transcript reporting requirements. In addition, this guide is intended to assist the design work and development necessary to produce a successful production of Washington State Standardized High School Transcripts.

Conventions of this guide:

Items found in parentheses () are implied information. Explicit headings or descriptors for the data element that is enclosed in parentheses are thought to be unnecessary.

In formatting, the use of ellipsis in describing a data element's format indicates that the data type is of variable length from 1 to the maximum length of field.

For example:

X... would be the format for SCHOOL NAME where the school's name could be of one or more characters.

The Graduation Requirements Emergency Waiver (GREW) program is no longer available beginning with the 2024-25 school year.

Type Case

The variable data stream elements found in this document have type case parameters. In general, for headings of sections and subsections the type case is all upper case, heading elements within sections or subsections are of mixed case (first character of each word or word abbreviation is upper case and the rest of the word or word abbreviation is lower case), all upper case is used for non-heading data (e.g., the actual student's legal name would be in all upper case).

Paper Stock

Transcript paper must be white in color and 8.5x11 inches in size.

There is no requirement to use 'secure paper' when producing printed transcripts.

The recommended minimum paper specification is as follows:

- 20lb
- 8.5x11 inches
- 84 brightness
- White
- Standard Business paper

Shading

The color of the shaded areas should be gray. There is no specification for the degree of shading on the printed document for areas that are shaded on the form. It is recommended that the degree of shading be kept very light. This recommendation is to address the possible business need to FAX a transcript without having the information in the shaded area turn to black by some FAX machines.

2.1 Header

The header section of the Washington State Standardized High School Transcript is comprised of STUDENT INFORMATION, SCHOOL OF RECORD information and administrative information.

2.2 Body

The Body of the Washington State Standardized High School Transcript is composed of two sections.

The first is the SCHOOLS ATTENDED section.

This section has a heading of the following format:

*** SCHOOLS ATTENDED ***

The second is the (ACADEMIC RECORD, REPORT PERIOD AND CUMULATIVE SUMMARY, ADDITIONAL STATE REQUIREMENTS, and optional ADDITIONAL DISTRICT REQUIREMENTS) section; this section is composed of two columns.

There are several sub-sections in this section each having its own heading of the following format:

... HEADING *...*

Reporting period is used throughout this section and should be reported as the last month and year of the reporting period.

Fig. 2.2.1

Data Type: Character **Length:** 24 **Number of Lines:** 1...

Format: *...* X...X *...*

Description: This section’s variable data is composed of, at a minimum, one record, and is limited only by the total number of schools attended by the student.

Business Rules: All schools where high school credit was attempted or earned shall be listed in this section. For example, if the student attended four schools where they attempted high school credit, there would be four records in this section. This is not restricted to high schools; any school where high school credit was attempted shall be listed, including middle schools or other schools where high school level courses are offered and high school credit may be attempted.

This section should be found only on the first page of a multi-page transcript.

This section is a single column of data different from the section and subsections that follow in the body of the document. The schools attended should be listed chronologically by entry date, oldest entry date first. If a single school is attended at two different points of time, then the school will be listed here twice with the corresponding entry dates.

- Q = Quantitative
- S = Science Lab

The following value may be used beginning in the 2015-2016 school year:

- Z = Non-Instructional

The Cambridge International Program (K) includes the following international curriculum/assessment programs of study offered by University of Cambridge:

- General Certificate of Education (GCE) Advanced (A) and Advanced Subsidiary (AS) level courses
- International General Certificate of Secondary Education (IGCSE) level courses

AP and IB courses must include the official AP or IB course title or abbreviation. This allows receiving institutions to determine the specific AP or IB course. If districts wish to also display their chosen course title, the district may include the official AP or IB course title/abbreviation in brackets either before or after the district course title. For more information on approved and acceptable official AP course title abbreviations, go to [AP Courses and Exams](#). Approved IB course titles are available in Appendix Q of the CEDARS Manual.

Description: The student's academic history for all high school level courses attempted. This section includes all courses in which high school credit was attempted. Courses from which students have withdrawn must be reported as well as completed courses.

Business Rules: This sub-section is grouped by reporting period, oldest reporting period first, where reporting period is reported as the last month and year of the reporting period. For example, if a school is using semesters for their reporting period there would be two groups of records per year for the regular school year (this would not include a summer school reporting period). Each group would have an associated month and year for each semester with the grade level the student was assigned at the time of the reporting period. Each group would be followed by the course information pertinent to that group's records.

Business Rules:

Notes: If the previous data element, Dist Course Code, is longer than 6 characters, this element, Description, will need to be adjusted (shortened) to accommodate the additional space needed for the Dist Course Code element.

If additional room is needed for the Description, the Description may be continued on the line below as long as it is in the same placement/column as the first line. Although this will make the transcript longer, this will maintain the standard format of the transcript.

College in the High School (CHS) courses must provide the college's curriculum abbreviation and course number that identifies the College in the High School approved course as a college course.

Example: MATH204 or ENGL101.

If the course is co-delivered the CHS course title must first provide the college's curriculum abbreviation and course number followed by as much of the other course title as can fit.

Example: ENGL&101 AP Eng Lit. or MATH204 IB Mathe HL

Or

Example: ENGL101& AP English Lit

Description: The credits earned for the course in which credit was attempted.

Business Rules: All courses where the letter grade is from the GRADE POINT TABLE shall be included in the calculation of the GPA except if the student has retaken the course for grade improvement. In this case, the replaced course will have 0.00 Credit Earn, the grade may or may not be a passing grade (e.g., 'D'), and that course will not be included in the calculation. Courses with grades found in the NOT TO BE USED IN GPA table may have credits earned but are not included in the GPA calculation.

Notes:

Example: .50, 1.00 or .513

Description: The credits attempted for the course in which credit was attempted.

Business Rules: All courses in which the letter grade is from the GRADE POINT TABLE and the value of 'Cred Attp' is greater than 0.00 shall be included in the calculation of the GPA. If a course was retaken for grade improvement, then the replaced course(s) will not be included in the GPA calculation and the credits attempted will be reported as 0.00 on the transcript.

Notes: Counting the credits for previous attempts at a course for letter grade improvement where the letter grade is from the GRADE POINT TABLE is allowable as long as these letter grades are factored into the GPA calculation and the credits attempted for the previous course is reported as greater than 0.00.

Example: .50, 1.00 or .503

Description: The total GPA points for the reporting period.

Business Rules: Courses that have marks that are not included in the grade point table (e.g., the mark of 'P' – pass) shall be excluded from this data element and the GPA calculations. Exclude courses with non-numerical marks/grades such as P/N, CR/NC, S/U, and W. Courses with letter grades that have been replaced because the student retook the course for the purposes of grade improvement shall be excluded from this data element and the GPA calculations.

Multiply the numerical value (Grade Reporting and Calculation Scale) of each letter grade earned by the number of credits attempted for the course. Then sum.

Total Sum of each (Letter Grade Point x Credits Attempted)

Notes: If a student attempted six .5 credit classes in a reporting period, one of the classes was retaken later, and in another class a 'P' (pass) grade was received, only four of the courses would be included.

Grade Reporting and Calculation System

- (a) A = 4.0
- (b) A- = 3.7
- (c) B+ = 3.3
- (d) B = 3.0
- (e) B- = 2.7

Format: X...

Description: Heading for Washington State Seal of Biliteracy and language.

Business Rules: Beginning with the graduating class of 2015, note that a Washington State Seal of Biliteracy was earned as well as the language that it was earned in. When the student demonstrates proficiency in one or more world, tribal or heritage languages, the heading will appear to indicate that the student is qualified to earn the seal. If the student has not earned or is not eligible to earn the Seal of Biliteracy, then the entire row should be displayed as *** or not include anything (no printed line). Additional examples of this display can be found in Appendix A of this document.

Notes: The Seal of Biliteracy is an award made by the state to recognize a student who has attained proficiency in both English and one or more other world, tribal or heritage languages by high school graduation. It is a statement of accomplishment that helps to signal evidence of a student’s readiness for career and college and to engage as a global citizen.

Description: The student's status regarding the Washington State Seal of Biliteracy and language.

Business Rules: [WAC 392-410-350\(C\)](#) has been updated to indicate students must demonstrate proficiency with an intermediate or advanced designation.

If the student demonstrated proficiency prior to the 2025-26 school year, but has not yet met the other requirements for the Seal, the status would be PROFICIENT – LANGUAGE, where "language" is one of the approved world, tribal or heritage languages.

Beginning with the 2025-26 school year, if the student was identified as proficient with an intermediate or advanced designation, the designation would be PROFICIENT INTERMEDIATE – LANGUAGE or PROFICIENT ADVANCED – LANGUAGE.

If the student has earned the Washington State Seal of Biliteracy, if proficiency was determined prior to the 2025-26 school year, then this status should display EARNED-LANGUAGE, where "language" is one of the approved world, tribal or heritage languages.

If the student has earned the Washington State Seal of Biliteracy, and proficiency was determined in the 2025-26 school year, this status should display EARNED INTERMEDIATE – LANGUAGE or EARNED ADVANCED – LANGUAGE, where "language" is one of the approved world, tribal or heritage languages.

If the student has not earned and is not eligible to earn a Washington State Seal of Biliteracy, then the entire row should be displayed as *** or not include anything (no printed line). Additional examples of this display can be found in Appendix A of this document.

Appendix B – Associated Washington Administrative Code

WAC 392-415-070 Mandatory high school transcript contents – Items – Timelines.

- (1) (a) The standardized high school transcript shall contain only the information listed in subsection (2) of this section in order to meet the statutory requirements under RCW 28A.230.125 for a statewide standardized transcript.
(b) Any other information the district or school may desire to include may be stapled to the transcript or otherwise provided with the transcript. Information that is not listed below shall not be included on the state standardized transcript:
- (2) (a) Authorized and required transcript information effective now:
 - (i) The student's legal name (last name, first name, and middle name(s) or middle initial(s)), and other or former names used;
 - (ii) The name(s) of parent(s) or guardian(s);
 - (iii) The student's birthdate (mm/dd/yyyy);
 - (iv) The student's school district identification number (if applicable);
 - (v) The school name, address, phone number, and name of the school district issuing the transcript;
 - (vi) A list of previous schools attended where credit was attempted (school name, city, state, and month and year of entrance and exit);
 - (vii) The student's academic history for all high school level courses attempted, including courses taken under RCW 28A.230.090(4) and including those courses where a student has withdrawn, and listed by report period for the grade level (month and year), course code and description, marks/grades earned as defined in WAC 392-415-050 (a mark/grade of "W" will be used to indicate a withdrawal from a course), credits attempted and earned as defined in WAC 392-415-040, grade point average as defined in WAC 392-415-055, and a report period and cumulative summary of the student's high school level academic history.
 - (viii) Credits attempted for courses taken more than once to improve a grade/mark may count only once toward the number of credits required for graduation, except that credits attempted for courses taken more than once to improve a grade may count toward the number of credits required for graduation on the condition that the letter grades earned for all attempts are included in the calculation of the student's grade point average. For the purpose of this subsection, districts and schools shall not convert letter grades to grades/marks not used in the grade point average calculation.
- (b) Authorized and required additional transcript information in effect for students who first entered ninth grade in the 2002-03 school year. The following courses, for which college credit can be earned, shall be designated on the transcript with the designation coding indicated. Courses completed and credits earned through running start shall be noted with an "R" designation. Courses completed and credits earned through advanced placement shall be noted with an "A" designation. Courses completed and credits earned through college in the high school shall be noted with a "C" designation. Courses completed and credits earned through an international baccalaureate program shall be noted with an "I" designation. Courses completed which earn college credit through CTE dual credit and/or the corresponding credits or certification earned shall be noted with a "T" designation. Courses

that meet or satisfy higher education coordinating board core course requirements shall be noted with a "B" designation. Courses completed and credits earned through an honors option shall be noted with an "H" designation.

(c) Authorized and required additional transcript information in effect beginning with students who first entered ninth grade in the 2004-05 school year:

- (i) Notation that the high school and beyond plan graduation requirement was met or not met by the student;
 - (ii) Notation that the culminating project graduation requirement was met or not met by the student; and
 - (iii) If applicable, notation that the certificate of academic achievement graduation requirement was met or not met by the student; and
 - (iv) If applicable, notation that the certificate of individual achievement graduation requirement was met or not met by the student.
- (3) Each issuance of the transcript shall include a report date (mm/dd/yyyy), graduation date (noting month and year), end of transcript record (signifying no more authorized data), office of superintendent of public instruction (OSPI) transcript form version number, and page number ('x' of 'y').
- (4) The signature of the authorized school official (name, title, and date) and seal of the district, if available. The signature of the authorized school official may be affixed electronically, subject to a written district policy that addresses signature security and assures that the authorized school official acknowledges, in writing, that affixing their signature electronically to the transcript is a legal and binding action.
