Washington Office of Superintendent of
PUBLIC INSTRUCTION

K12 Data Governance Group

Meeting Agenda

2:00-4:00 PM
Monday, June 3, 2024
Virtual

Welcome

Data Use –
News from ERDC: National Student Clearinghouse

Katie Weaver-Randall (ERDC) will attend and provide an overview of how the ERDC plans to use data from the National Student Clearinghouse.

High School & Beyond Plan

Kim Reykdal (OSPI Graduation & Pathways Prep) will join to cover the High School & Beyond Plan (HSBP). HSBP is a graduation requirement and a critical component of supporting students' career development throughout their secondary education experience. The Legislature has revised and strengthened HSBP requirements to include the implementation of a universal online HSBP platform that can be readily accessed by students, families, teachers, and others who support students' academic and career development. The Legislature requires OSPI to facilitate the transition of the HSBP to a universal online platform.

RCW 28A.230.212 High School and Beyond Plans – Substantive requirements
RCW 28A.230.215 High School and Beyond Plans – Universal Online Platform

Race & Ethnicity

Building on this topic from the April meeting, Darby Kaikkonen will demo possibilities in reporting & visualizing race/ethnicity.
