

# Continuous Improvement Technical Assistance Topic: Evidence Based Interventions (EBIs)

Teaching, Learning, and School Improvement  
Office of Superintendent of Public Instruction (OSPI)  
October 2026

Washington Office of Superintendent of  
**PUBLIC INSTRUCTION**

# Start With The Need

1

## START WITH THE NEED

Use WSIF data, the Comprehensive Needs Assessment (CNA), and local data to clearly identify the student need.

2

## Find The Root Cause

Examine resource inequities and the systems, practices, or conditions connected to the need.

Understand the need before choosing the intervention.

Washington Office of Superintendent of  
**PUBLIC INSTRUCTION**

# Listen And Define The Goal

3

## LISTEN TO PEOPLE

Engage students, families, educators, Tribal/community partners, and other stakeholders who understand the need.

4

## DEFINE THE GOAL

Connect the need to the school's SIP/L-CAP goals and identify the student group(s) and population connected to the WSIF identification.

Stakeholder input helps define the need and the goal.

Washington Office of Superintendent of  
**PUBLIC INSTRUCTION**

# Find It. Check The Evidence. Check The Fit.

## FIND AN EBI

- 5 Choose a strategy that directly addresses the identified need and has credible research behind it.

## CHECK THE EVIDENCE

- 6 For School Improvement funded work, the intervention must meet the required evidence level. Check local, state, and federal requirements.

## CHECK THE FIT

- 7 The EBI must support student outcomes and fit within the school system.

Evidence matters, but fit and capacity matter too.

Washington Office of Superintendent of  
**PUBLIC INSTRUCTION**

# Plan To Monitor

8

## PLAN TO MONITOR

Define what success will look like, what data will be collected, and how the school will adjust the intervention based on results.

Monitor results so we know if the intervention is working.

Washington Office of Superintendent of

# School Improvement Resources

## Continuous Improvement Technical Assistance Network:

- Additional Technical Assistance Topics
- Office Hours
- Funding and Grant Information
- School Improvement Resources
- And much more.

The screenshot shows the OSPI website's 'School Improvement Resources' page. The header includes the OSPI logo, the text 'Washington Office of Superintendent of PUBLIC INSTRUCTION', and a search bar. A navigation bar lists various categories like Home, Student Success, Certification, etc. The main content area is titled 'School Improvement Resources' and includes a brief description of the resources provided. It features several expandable sections: 'STUDENT SUCCESS' (with sub-sections like Resources by Subject Area, Learning Standards, etc.), 'Support' (with links to Grant Eligibility and Technical Assistance Network), 'Templates & Toolkits' (with links to Needs Assessment, L-CAP, SIP, and Progress Monitoring), 'Guides & Schedules' (with links to WSIF Cycle 3 Year-At-A-Glance, Basecamp Access Request Form, Basecamp Tutorial, and Glossary), 'Contact Information' (with a School Improvement Inbox), and 'Data' (with links to Common Data Sources List, Data Inquiry Guide, Data Portal, Report Card, and Washington School Improvement Framework (WSIF)).
