OSPI Child Nutrition Programs Reference Sheet

Accounting Reporting Codes—School Year 2025–26

Sponsors of United States Department of Agriculture (USDA) Child Nutrition Programs receive federal and state of Washington funding for operating the programs. These funds are distributed monthly in the form of reimbursement for meals served. Funds are dispersed through either the Office of Superintendent of Public Instruction (OSPI) School Apportionment or Agency Financial Reporting System (AFRS).

Accounting reporting codes document the distribution of these funds.

Requirements

- ✓ Public Schools, Tribal Compact Schools, and Charter Schools receive funding through OSPI School Apportionment.
    - **Apportionment Revenue Codes**—Used to account for revenues specific to school district programs. Child Nutrition Program funds are designated on apportionment as Program 98.
- ✓ Private organizations and public government agencies receive funding through AFRS, the state of Washington's central hub for accounting information.
    - **AFRS Codes**—Non-numerical codes account for revenues received from Child Nutrition Programs.

Other Helpful Child Nutrition Program Accounting Information

- ✓ **Schedule of Expenditures of Federal Awards (SEFA)**—Summarizes federal grant expenditures for the purposes of planning and conducting the single audit. The SEFA requires official program name and the official Assistance Listing Number (ALN) to be used.
- ✓ **Assistance Listing Number (ALN)**—A five-digit (XX.XXX) identification number assigned by the federal government for federal awards received either directly from a federal agency or indirectly through a state agency or local government. Assistance Listing Numbers (ALN) were formerly referred to as the Catalog of Federal Domestic Assistance (CFDA) numbers.
- ✓ **Federal Award Identification Number (FAIN)**—An identification code assigned to a specific financial assistance award by a federal agency for tracking purposes.

Child Nutrition Program Code Information

This table provides information to help program operators identify Child Nutrition Program reimbursement and complete program reporting. Use the resource section for more information.

State Funding
