

Who We Are

Values:

Provide financial education to Washington's students and educators in a manner that is equitable, embraces diversity, and is inclusive to all students and educators.

Vision:

To provide students and educators with the knowledge and skills they need to make sound life decisions as students, consumers, employees, entrepreneurs, savers, and investors.

Mission:

- Identifying strategies to increase the financial education of students.
- Providing quality financial education information for educators, school districts; and
- Providing financial education instructional materials and professional development.
- Work with partners who share commitment to quality financial education

Equity Statement:

FEPPP general membership participants and partners are committed to providing financial education to Washington's students and educators in a manner that is equitable, embraces diversity and is inclusive to all students. As members of FEPPP, participants agree that all students and educators be considered equally regardless of race, ethnicity, national origin, color, sex, age, sexual orientation, socio-economic status, abilities and disabilities, religion, spiritual values, veteran status, and gender identity and expression
